L-52 Billy, where you at? What was... From what to what? One to fifty. Well, I think this is a... Let's see, we had the first and the last part. Let's take the middle of it tonight then. [Blank.spot.on.tape--Ed.]

That had--Moody Bible Ins--sent out a little quartet to sing for him; they had the shades all pull down in the room. He had a sense of humor, you know, he turned around and said, "Say, who's dying here, me or you?" He said, "Raise up them shades and sing me some real good, snappy Gospel songs." As they went to singing the songs, he said, "Where's Luke?" That was his brother. Luke was in the next room, so they brought Luke in. He reached over his trembling hand, took a hold of Luke. They traveled together like Billy and I, and Brother Baxter and them. He said, "Luke, we've been a long ways together, haven't we?"

Luke said, "Yes, Paul."

Said, "But think of it, in five minutes from now, I'll be standing in the Presence of Jesus Christ clothed in His righteousness. Think of it." Gave up the ghost and died. Never died, he went to be with Jesus. See? He wrote this song:

*Only believe, only believe,
All things are possible, only believe;
Only believe, only believe,*

All things are possible, only believe.

L-53 You lacking some? 50? Prayer card number 50 isn't here. Prayer card number 50, K-50, there's one missing. Prayer card K-50, is it in the building? [Blank.spot.on.tape--Ed.] Sister, I want you to be in faith now. See? I've just been attracted to that baby tonight, every since I've been standing here, that baby with the water...?... Now, I don't know what He will say. See? Of course, I see it's a waterhead, isn't it, of the baby? I don't know what He will say, but I--I believe He may speak to the baby tonight. I pray that He will. Now, may the Lord grant it.

And all you along here on the cots, and stretchers, and so forth, have faith. Just believe now. We're going to believe that God will give us something tonight. Now, we been to meetings; we've talked on the Gospel; we've shouted; we've clapped out hands; we've done everything nearly in the way of religion. But the disciples coming from Emmaus one day, the way He done something, it made them recognize that He was there (Is that right?), that it was Him. I pray tonight, that He will do something tonight, that'll make us recognize.

L-54 Now, if Jesus was standing here with this suit on, and this woman standing here. Now, what would you think He would do first? Now, He couldn't heal her, because He's already done that. You see? When He died at Calvary, He did that. How many believes that? Let's see you hands. That's the Scripture. "By His stripes, we were (past tense) healed." And every person in the world was forgiven of their sins when Jesus died at Calvary, but it'll never do you any good 'less you accept it. That right? He's the Lamb of God that take away the sin of the world. "It is finished," He said at Calvary. Watch. "He was wounded (was, past tense) wounded for our transgressions, bruised for our iniquity, chastisement of our peace upon Him; with His stripes we were healed." It's already done. In the sight of God it's all over.

Now, just as we accept it, we draw dividends. See? Like a

checkbook with His Name signed on the bottom of every one; just fill it out, and send it in. See if the Father won't recognize His Son's Name. See? [\[Isaiah 53:5\]](#)

L-55 But now, what can He do in this case? He would probably talk to the woman a little while. He'd find out, maybe, something was wrong. Now, if He's here tonight, He will do--can do the same thing, can't He?

Now, how many out there hasn't got prayer cards and wants to be healed? Let's see you hands. Raise your hands everywhere, so I kinda get a general idea where you're at. All right. Now, you look this a way and pray. If you'll notice, every night, there's more healed out there in the audience. Anywhere, not matter where you are at, just keep praying, believing; God will grant it.

Now, in the Name of Jesus Christ, the Son of God, I take every spirit in this building under my control.

L-56 Now, lady, I want you to come here just a minute. I want to talk to you, just in order--just like our Master talked to the woman at the well, the Samaritan woman. Did you ever read that story? You being my a first person to come tonight to talk to you... The reason that I bring the people up is the first thing, when the anointing strikes me, then I--I have to be able to single out... See, I... It just... There's no need to try and explain it, but it's just from every side. See? It's people's faith, believing. And each person in prayer, and that prayer just makes a channel like. See? And it's just... Then if I can get you close to me, so I can kinda get straightened out myself (You see?), then It begins to move through the audience anywhere. They took--and returns. You see? You understand what I mean?

Now, our Master, one day, set on the well, and He talked to a woman that come to draw some water. He said, "Bring Me a drink."

And she said, "Why, it's not customary that You'd ask a--You being a Jew to ask me, a Samaritan, of such a thing." Said,

Come.

Poor old mother setting there with that neuritis, you want God to heal you? Believe that He will do it? If you believe it with all your heart, you may have it. Stand up and accept it then. That's right. It's gone from you, mother.

L-78 Sir, do you realize, you that's rubbing your face, up there, that you're fixing to die with leukemia, isn't that right? Stand up to your feet just a minute. God be merciful to you. Father, I ask in Jesus' Name for the man's life, that he live and not die. Amen. God grant it.

God bless you, brother. Your friend weeping there, right setting next to you, has got asthmatic so bad, he'd like to be healed too. Would you stand up, sir, and accept your healing of asthmatic? God bless you.

You want to get over the female trouble, lady? Just go rejoicing, thanking God. And be made well.

L-79 Come. Little lady, just keep walking, that asthma left you when it left that man up there. Just keep moving and saying "Thanks be to God."

How many wants to be healed? The Holy Spirit here. If you need healing, now is the time to receive it. You believe me as God's servant? What more would Jesus Christ have to do to prove Him to be the Son of God here in your midst?

Your home is going to be happy, sir.

L-80 I want you to do this for me. If you believe me to be His servant, lay your hands over on one another, and you'll see the Kingdom of God come into you. Lay your hands over on each other.

In the Name of Jesus Christ, the Son of God, I condemn every disease in this building.

You believe that--that Jesus Christ, the Son of God, will heal you, will make you well? If you believe...

Just like you standing there with that stomach trouble. You didn't... You had it when you come up, but you haven't got it now. So you can go ahead out and be made well.

L-75 Just have faith. Believe is all I ask you to do. Just believe that the Lord Jesus Christ is and a Rewarder of those who will diligently seek Him. [\[Hebrews 11:6\]](#)

You want to get over that arthritis? Accept your healing. Say, "I believe God with all my heart." Now, just go on off and never say you got it any more. It goes from you. Have faith.

Just a moment, lady. There's something happened right there, just then. Oh, I see, it's the man setting there, got asthmatic condition. You believe Jesus is going to make you well, sir? Stand up to your feet then, accept your healing. Stop your coughing. I condemn it in the Name of Jesus, the Son of God.

Only have faith is all I ask you to do.

L-76 You have diabetes, don't you? You want to get over it? You accept Jesus as your Healer? Then go and insulin days will be over for you. In the Name of the Lord Jesus, may you receive it.

Have faith in God. Don't doubt.

L-77 Oh, how God is moving to you. Been awfully nervous, haven't you? You believe me to be God's prophet? Yes, sir. They sometime thought you had a heart trouble, didn't they? A nervous breakdown, kind of a shaking... One... Yes. I seen the doctor when he told your heart trouble, it shook you. If you'll accept Jesus as your Saviour now, what you have been wanting to do for a long time... You're a sinner and need Jesus Christ as your Saviour. You accept Him as your Saviour now? Go, you're healed, brother, and you're forgiven of your sins. God bless you.

Believest thou this? The Angel of the Lord is near to heal?

"We don't have any dealings."

He said, "But if you knew Who you were talking to, you'd ask me for a drink." [\[John 4:1-12\]](#)

L-57 Now, I have my idea of what I think He was doing. I think what He... She--she was a human. She had spirits. And He was trying to contact her spirit (See?), in spirit world.

Now, that's the same thing, by His Spirit I'm trying to do for you, contact your life.

Now, if I was... That's--that's a gift of God. Now, it... Nothing I've done to merit that. When I was just about three minutes old, He came in the room, and stood there where I was at. See? It's without repentance, gifts and callings. But what does It do to do? Does that make me any more than--than the bootlegger that was just converted a few minutes ago? No. See? Not a bit. We're just all God's servant's together. We're all the same. But we're trying to work for Him. See what I mean? And it's all in God; there's nothing that no one can do but God alone. Jesus Christ through the--His Son... [\[John 4:1-21\]](#)

L-58 If I could heal you and wouldn't do it, I'd be a brute. I would be a horrible person. But I couldn't do it. But with a Divine gift, I might help you to get enough faith to be healed (You see?) by a Divine gift, that was given me, which did come from God. And you're healing comes from God. Your faith comes from God; so God is all and in all. Every bit of it has to come from God. You understand?

Not knowing you, knowing nothing of you, never seen you in my life, and perhaps this is our first time of ever meeting. Is that right? It is. Well then, if the Lord Jesus, when He talked to the woman, if He found out where her trouble was. He went right straight, and say, "Go get your husband."

She said, "I don't have any."

Said, "That's right. Had five."

She said, "I perceive that You're a prophet." [\[John 4:1-21\]](#)

L-59 Now, if He's the same today as He was then, and He

promised us the same that He did, we would also... His Presence being here then, He could reveal to me just where your trouble is, like He knowed where her trouble was. Is that right? He could do it.

If He would do it, would you accept your healing? Or whatever you're in... I don't know whether it's healing, or what you have need of, but you would accept it, would you as a blessing from God? You would.

May He grant it, sister. Yes. It's a... You're very much worked-up. You've been excited about something. It's a... You are a-you--you're suffering with a... It's a stomach condition. There's something wrong in the stomach. And that's been very... There's something wrong more. I see you exact. No, He says it's a colon in the air, in the colon. It's a disease in the colon. You're--you're scared of cancer. Bless Him now. Is that true, lady? Was that true? Your stomach, and whatever it was. Is that true? Look here at me, just a moment. How could I know that? No way in the world, only He's.. Yes, here's another thing, I see moving. Now, that I've talking to you. There's something you've... You've had to do something. Oh, yes, you--you work, don't you? And you had to get off from work tonight to come here. Is that right? Of course, you did. God's healed you. Go ahead in His Name...?...

L-60 Now, I want you to love Him with all your heart now, and believe with all your soul now. Now, Jesus Christ is the same. 'Course, the more you talk to people, more It tells you. But as soon as I think the people's got enough faith to be healed, I feel it, I just let it go at that. 'Cause, their--their-- See, I believe we call either fifteen or twenty, and I don't know what He will do out in the prayer line. Depends on how many, I get real weak. That's what my boy's standing somewhere here a watching me, and when he sees I get enough, he knows when and what to do. And I... It makes me real numb, and don't think I'm beside myself when I'm rubbing my face or something other, because my lips feel real thick. It's the

couldn't ask for it. God does it Himself.

Before you were borned. This was set in order by God. It's your subconscious, scientifically speaking. Like you dream a dream. This conscience is inactive and this one becomes active. Then when you awake... When you're asleep, you dream things you did here. Then when you wake up, this one is inactive, and this one here is active. Then you remember things that you dreamed of years ago. You were some part of you somewhere.

Some people doesn't dream. Their subconscious is way back. A dreamer doesn't sleep sound. And then, he can't help it because he dreams. And a seer is neither his subconscious back there, nor here. It's right here. He doesn't go to sleep. He breaks from one world to another, from the natural to the supernatural.

The great prophet Daniel saw one vision, was troubled at his head for many days. It weakened. [\[Mark 16:16-18\]](#)

L-72 Do you believe? If God will reveal to me where your trouble is, will that be sufficient for you? You got asthma. Is that right? Now, go. Be well. In the Name of Jesus Christ, the Son of God.

L-73 Come, little lady, so we can...?... Now, if you'd just only believe and will have faith and don't doubt.

Just a minute there, lady. Was you just prayed for. Was you just healed standing here? Were you just healed? Were you the lady that was here, prayed for just now? Yes, sir. I seen that Pillar of Fire hanging there, and I just... No, It's hanging at someone else. It's a--a different lady. She's wearing glasses. And the woman's got a skin disease. Have mercy. And God bless you and make you well now. Believe with all your heart, you can receive it.

L-74 Do you believe, lady, setting there? Had diabetes also. So just have faith in God. God would make you well. You're hugging your little companion there with that ulcerated liver.

kind of a cold like, it's--it's been bothering you. And you've had a x-ray taken. And it said a spot was on the lungs. Then in the Name of Jesus Christ, the Son of God, I condemn that spot, that it goes from you. And may you be made well in Jesus Christ' Name. I condemn that devil that would take her life. The things you're worrying about are darkness. See?...?... darkness is gone from you. God bless you, sister. Go thanking God and rejoicing, being happy.

Can you believe? All things are possible, if you can believe. [\[Mark 9:23\]](#)

L-70 How do you do? We are strangers, I suppose, to each other. We don't--do not know each other. Just God alone knows us. But to heal you, I could not. But your life or... could not be hid. God's standing here. He can make manifest. You have arthritis. I see you trying to move through the house sometimes, and you get stiff. And you... I see a... You're going into a place. It's a--it's a hospital or something. It's a--it's a operation. It's in the side. They--they--they took a--a cancer from the side. I see you... a cancer. I see it wrote on a little list that the doctor had. Kind of short like man. He wrote on the list, cancer. And it isn't--it isn't well yet. It isn't right. You're having troubles with it yet.

But Jesus Christ is here to make it well. You believe it? Come here. Kind heavenly Father, May Your mercy come to our sister. And we condemn the enemy now, and in the Name of Jesus, may it go, be made well. Amen.

Bless you, my sister. Sending Him...

L-71 How do you do? Now, you say, "laying on of hands?" Yes. That's what the Lord said. "Why lay on the hands?" That's what He commanded. Oh, I'm so grieved that the church falls so short. You don't realize... I'm just resting a moment. Visions make me weak. You're living in two worlds. You're here, and then in you're in another world. You can't help that. Just like you dreamed a dream with your eyes open. God does that in sovereign grace. Not because you asked for it. You

Holy Spirit.

Now remember, the prophet Daniel saw one vision, and it troubled him in his head. He was walking around in a coma like for several days. [\[Daniel 4:5\]](#), [\[Daniel 7:15\]](#)

L-61 Now, lady, I suppose you and I are strangers. Are we, lady? You... Whereabouts was that you met me? Vandalia, Illinois. My, that's a long time ago. Yes, ma'am. Well, was you there at the meeting? Well, of course I would not remember that in this much time. Was you a up at the prayer line or something? Oh, you wasn't prayed... You just attended the meeting. That's right. Well, that's makes us then just the same as strangers. You just saw me standing on the platform. Was you there the night, the boy that was born blind received his sight, and come back, and took my tie, and ask his mother what color it was? Well, then... That was along about the next to last night somewhere. Now, I want you to look on my just a moment. Not--not--I'm not reading you mind, no ma'am. That's not... No, ma'am, I'm not. I'm just trying to contact your spirit. See? Just like a--a picture camera, a film's been taken. God has to take me down that same line again. See? You're...

Yes, that's--that's very scary; it's a--you get real nervous spells. You... I seen you; you dropped a dish or something or other, trying to--or in your hand. You just couldn't hold it here. Isn't that right? Yes. I see you stand by the sink or that place where you turned around to your right, and a chair was behind you. You kinda staggered over it. Then you... It's a... In the evening when the sun is setting, I see it makes you feel real worn and tired in the evening. I see you setting around a whole lot at that time, looking out a window, kinda like it was a dreary, weary look... You have neuritis also, don't you? That's right. And you're a...

L-62 What that is lady, it's--it's the time of life for you. It's menopause, change of life. Come here. Do you believe that Jesus Christ can take that from you? Will you submit yourself

to Him? That's a horrible spirit. It just haunts at you. See? Now, this is a mixed audience, but look. See? Just--since you've been a little girl, every twenty-eight days, you get a funny feeling. See? And this is a whole change, and where life is, Satan is there also, death. You see?

And now, right at this middle change, is when it's the worst of all. Now, Satan would run you insane if he could, but God's going to take it off of you now. See? And He's going to make well. Now, kind, heavenly Father, in the Name of Thy Son Jesus, may this demon leave the woman, and may she walk through these shadows without a fear in her heart. Leave her; come out from her in Jesus Name.

Now, my sister, now, you can go home and be normal, feel all right now. Now, it's all gone from you now, very strange...?... but you're calm, well now. You can go home and be--be all right, and God will bless you.

Let's say, "Thanks be to God, Who gives us..."

Those spirits are just like a shadow, like a big dark cloud, and standing there just like a fog, cold, indifferent. I want you to be reverent.

L-63 How do you do, lady? Well, you and I are strangers, are we, lady? I do not know you. I've never seen you in my life; you're just a lady that come here. Do you believe me to be God's servant. Now, you know that I'm just a--a man, perhaps like your husband or any other man (See?), just--just a sinner saved by grace. And...

But God sets in the church preachers; and He sets in the church singers. And He--He sets in the church prophets; He sets in the church gifts of all kinds. Doesn't He do that? Do you believe that? Do you believe that God can tell me what's your trouble? Do you believe that with all your heart? Well then, if He can, then you'll accept it. Oh, I see now; it's not you, only a hunger for God. That's right. You've been praying to seek God, find God, more desperate for your baby. Is that right? That baby is... The--the wall of its heart has a hole in it,

to be God's servant? You have cancer and gallbladder trouble. You're scared that's cancer too, which it is. You believe the Son of God, His Spirit is here to make you well? You believe that this is Him speaking, not me. But He's speaking through here. Then if that be His voice speaking through me, then His Presence is here. He said, "These signs shall follow them that believe. If they lay their hands on the sick, they'll get well." You believe this? Come near.

O God, Who made heavens and earth, created all things by Jesus Christ, the Son of God. I lay hands upon the dying woman and ask that You give her life. Spare it, Lord, and may the power of the enemy leave from her now. I rebuke it in the Name of Jesus Christ, may it go out...?...

God bless you, my sister. Go now, rejoicing, being happy. Just be real rejoicing and thank the Lord for His goodness.

L-68 And you may come, lady. If our Master was standing here at the platform in human flesh, like I am, wearing this suit that He gave me, if it's healing what you look forward to, He would point you to His sacrifice at Calvary. He could not do it the second time; He's already done it. You have to accept it. Then, realizing that between you and I, knowing that you are a Christian, a believer, then I can say you are my sister. Then our heavenly Father in His loving kindness, has sent to the Church, preachers to preach the Bible, teachers to teach it, prophets to understand the foreknowledge of God, gifts of speaking with tongues and interpretation of tongues to make manifest things in the Church. He's full of love.

Then by God's grace may I be able to transfer God's love, by the Name of His Son, Jesus, to you. You ought to believe in Divine healing. God bless you, lady. You've been healed once before. You was healed with a cancer of the stomach. Is that right? And you had arthritis and a few things, others, that you was healed with. Isn't that right?

L-69 And you pray for the sick yourself. Yes, sir. You go around praying for the sick. Then you've developed some

All right, sir. Are you the patient, sir? You are. I suppose you and I are strangers to each other. I don't know you. Never seen you in my life. God knows you. [\[Mark 11:22\]](#)

L-66 Was you the one just prayed for, sir? I want you to look on me. I mean by that, like Elijah said to Ahab, said, "If it wasn't I respected Jehoshaphat, I wouldn't even look at you." But he did. If we're strangers, no contact between us all, God will have to do the contact, won't He? If God will let me know something about you that'll help you, will you accept Jesus then as your Healer? Or if it's... If healing is what you need. And it is.

The healing's what you need, because it's a stomach trouble bothering you. Isn't that right? If that's right raise up your hand. It's a stomach... It's a caused a nervous condition. It's made a ulcer, peptic condition of the stomach. You have had troubles with it. And you've... You're not from this city. You--you've drove here. You've come a--a long distance, right on a long ways. I see it... I'd say between fifty and a hundred miles. Something like that. You've come. You--you are...

There's just something strange about you. Just a moment. It's a... You've got a friend, and the friend has a heart trouble. And it--it... I believe the man's a Jew. And he--he is a little... don't know what about Jesus. He hasn't become a Christian, yet he's wanting a... The man's here in this building. Here he sets right here even, setting right out here beside of a lady, right there. My friend, Jesus the Messiah, the Son of the living God, accept Him now as your Saviour and your heart trouble will leave you. If thou canst believe, all things are possible.

Your stomach trouble has left you. You go home and eat what you wish to now. God bless you.

This is your time, my Jewish friend. The Messiah of God Who knew Philip, knows you and your companion. And this is your hour of decision. [\[Mark 9:23\]](#), [\[John 1:43-50\]](#)

L-67 Do you believe? With all your heart? Do you believe me

from an x-ray. Its ribs are deformed in the heart...?... Merciful God, restore the life for the child and bless the mother. I take the curse of this devil off of this baby, that the baby will live and not die. Grant it, Almighty God, and eternal God of glory, as I lay my hands upon this poor, weakened baby, may it be healed in Jesus Christ's Name. Amen...?... Just go believing God, and He will work it out for you. Don't fear now, go thanking God, and being reverent.

L-64 Let's say, "Praise the Lord," and our Lord Jesus be magnified. The powers of Almighty God, Who created the heavens and earth, and spanned them out, and spoke and said, "Let there be." And things appeared which was made out of things which is not, may God's blessings and mercies ever remain upon His people. Have faith in God.

What do you think about it, sir? Do you want to be healed of that heart trouble, setting there? Setting there, the man with his hands on his... Think, "God will make you well." You believe it with all your heart? He did; He healed you. Stand up to your feet and accept your healing. You had heart trouble, and so did that baby; it went off of you the same time.

Be praying. You don't need prayer cards; you need faith in God. Believe with all your heart; you shall have what you ask for. "If thou canst believe," He said. Only have faith.

L-65 You're the patient? Excuse me. It just turns me around so I... goes off of me. You see? And I see go out over the audience; I'm watching It (You see?), and I'm trying to see where It's at. Nothing wrong, I was just talking to the lady.

Now, we are--are strangers, aren't we, sister? I never... You've been in the meetings, but I've never seen you there. Well then, if our Lord Jesus was here, as I claim He is, and His Spirit is here at the platform, and you're a believer, you're bound to be conscious of it. You can't help from it; if you soul is in connection with God, you'll know it. Which I know you are... I could not heal you; you know that. I'm just a

man, but your faith is what would heal you. Is that right? If I, by the Holy Spirit, by a Divine gift, and the love of God can see what God would say something for you, then surely, it'd take all doubt away, and you'd believe with all your heart. Would you do it? You're... It's a tumor. It's not only tumor; it's tumors. One of them's in the neck and one in the back. Is that right? If He knows where they are, then he's exposed, isn't he? You believe He can take it away? Come here. O God, Creator of heavens and earth, Author of Everlasting Life, Giver of every good gift, send Thy blessings upon this Thy daughter. I condemn the enemy, and ask it to leave in the Name of Jesus Christ, the Son of God.

L-66 Only have faith. I keep seeing man standing before me; looks like someone setting right there with a bronchitis. That's--that... If you have it, that's right, that's a amen. That... All right. God bless you. Amen. It just kept calling me. I looked around; I thought I seen the man somewhere. I looked back, and it was him setting there. That's right. That left you also, sir. God bless you.

L-67 How do you do? Of course, we're strangers, I suppose. God... Ma'am? I don't know you, no ma'am, I... Well then, if we're strangers in this world, and God knows that we are strangers then, there'd--there had to be some way I'd have to know you, and contact your spirit, or some way to find out. All right, audience, are you believing? [Congregation says, "Amen."--Ed.]

You want to get over that sinus? Believe God will make you well of it? If you believe it with all your heart, you can have it now.

I want just to speak with you a moment. You... It's a--it's a rectal trouble, like a hemorrhoid. Isn't that right? I see the examination, and you have a... You're very nervous, upset. It's a change of life, menopause. You also have some kind of a... You're coughing a whole lot or something or other. Oh, it's a asthmatic cough. Is that right? And you're--you have an

you. You are a believer, a Christian man. Now, was that just what Jesus told Nathanael?

L-64 [Blank.spot.on.tape--Ed.]... setting there just the same. You're a Christian man. And we're are brothers, kindred spirits. And you're one man, I'm another man. We're both God's children. Maybe there is something wrong, that you don't know nothing about. Maybe there is something wrong that you do know something about. God loves you. He sent me, then He could speak through me if I be His seer, and know where your trouble is and what to do. He may not show me; I don't know. But I--I know that we are both anointed now. And I know the same Angel of the Lord, that Pillar of Fire, is moving between us now.

Your trouble's in your eyes. Is that the truth? Yet your eyes look bright and nice, but they're not. They're going weak, growing dim. Nerves are dying in your eyes. It's a nervous trouble caused this. Another thing I see, you've--you've had an accident. And that accident has paralyzed a side or something, isn't that right? And it's not well yet. You're having trouble with it. Is that the truth? You're... If it's the truth... Now, you've heard what was said, but that wasn't me. That was my voice, but it was Him using it. And it was every bit the truth. Yes...?... Come here.

Merciful Father, Who raised up our Lord Jesus from the dead and made manifest His glory to us all, and we're living here at the end of time, at the closing out of this great age... The atomic bomb is just ready to burst at any time and annihilate the whole world. I pray that You'll make believers and will heal the sick Lord, as a token of Your love to them.

And now, I lay my hands upon my brother and ask for his deliverance. In the Name of God's beloved Son, Jesus Christ. Amen.

God bless you, brother. Go rejoicing, happy... all right...

L-65 Now, reverent. Have faith. Believe. You out there, pray and just have faith.

L-74 Audience, looks like you could see that hanging right there. Oh, my, 'cause it's wonderful, that Light moving, milling right there. I see a... Oh, it's a... It's eczema on that, a case of eczema. Isn't that right, lady? Setting there praying, wasn't you. That's why He come plumb over here. He was listening to your prayer. Now, stand up to your feet, and accept your healing, and be made well, in the Name of Jesus Christ, the Son of God. God bless you.

How do you feel, honey? That's fine. Bless her little heart. You know what's wrong with you, honey? You do? Tumors? You have a tumor; did you know that, sweetheart? Come here, just a minute. O Eternal God, Author of Life, Giver of every good gift, send Thy blessings upon this little child, innocent. As I hold her little body against mine, Lord, and ask that You'll make her well. May the evil go from her. Through the cross of Jesus Christ, I condemn this demon that would harm this child's life, and may it live. May Jesus of Nazareth, the Son of the living God come and hear my prayer at this time. Satan, I adjure you by the Name of Jesus Christ the Son of God, leave the child.

You're the grandmother, aren't you. That's right. You have heart trouble, didn't you? You did. You haven't got it now. You're healed. "Believest thou this?" The power of God's here to heal. [\[John 11:26\]](#)

L-63 Jesus Christ the same yesterday, today, and forever. Do you believe that young man? You do. I'm a perfect stranger to you. I don't know you. I've never seen you in my life, know nothing of you. But God knows you and He knows me. And He set us both. He's give us our life. And everything that we've ever received good, come from God. You believe that? Then you are aware that something is going on. There's... What's around you. 'Cause I can see it just milling from me to

allergy, and that comes from a dust, or some kind of a dirt or something, you... There's something strange about you. There's some connection with you with somebody, or... Now, the Holy... Yes, it is. You're a relation to me in some way. I don't know you, but you're a relation to me. Is that right? What is your name? Branham. I thought. God bless you. And you're healed. God bless you, lady.

I could hear someone calling you Mrs. Branham. And you're husband... It's through your husband; that's the way it is. A little fellow, a short fellow. God bless you. Go on and be well, in Jesus Christ's Name. Where you live? Oh, here somewhere...?... God bless you. I'd like to meet with you sometime. God bless you. Amen.

L-68 You believe He healed you of the heart trouble when you come by? You believe He will make you well. Oh, Lord, I pray in the Name of Jesus Christ, that You'll heal the woman and make her well. In Jesus' Name. Grant it, Lord, for Your glory. God bless you, sister. Go with raised faith, now believing that God's making it well, and it...?... Believe what you ask for. Come...?...

You believe God will heal you of that rheumatic fever? Believe God will make you well of it? You do? Stand up on your feet; He healed you. Amen. God bless you...?...

The reason it was him, you have heart trouble. You see? And rheumatic fever works on the heart, and them two spirits was calling to one another. Now, you go on and just rejoice, and thank God for your healing, and be made well. All right.

L-69 Amen. Praise be to God. Have faith. Don't doubt.

Howdy do, lady. Do you believe me to be God's servant, that God sent me to help you? The only way I could help you, would be get your faith up to it. Is that right? I don't know you, do I? We're strangers. You want to get over the asthma? You do? That's what was wrong with you. Accept your healing now. In the Name of the Lord Jesus, may you receive it, and go home, and be made well. God bless you now, sister.

All right, come lady. Have faith in God. Believe with all your heart, and you shall be made well. That's all I ask you to do. Have faith. [\[Mark 11:22\]](#)

L-70 God bless you. I want you to put your hand down on the baby now, sister. Dear kind Father, I pray as I'm so attracted to that baby, that You'll heal it. Now, dear Lord, according to Thy Word, Thou has promised that You would hear. And I ask You to grant this blessing, as in my heart goes out for that baby, I ask for it's healing, in Jesus Christ's Name. Amen.

I don't know any other hand would've been like that hand. Now, mother of the child, see, the child knows your own touch. And now, I want you to do what I ask you do. Will you do it? That you might know I've told the truth. When you go in tonight, you put a string around the baby's head, and get it right up even, and measure it. And then, day after tomorrow night, which will be your Saturday night, if you're here... Can you stay that long? I want you to cut off of that string, when you measure it again, how much it shrunk between now and Saturday night, and lay it here with a little note on it. Will you? So I can show the audience.

L-71 Do you believe with all your heart? Now, I don't--never seen you, don't know you, but God knows you, doesn't He? I just want to talk to you a minute away from this microphone. Not a thing immorally; it's just something I could not say before this audience politely; it's a mixed audience. But something the woman done that no one in the world was present but her and Almighty God. Is that right, lady? If that's right, raise up your hand. Now, for your obedience of faith, Christ makes you well, and you can grow in Jesus Christ. All right.

All things are possible to them that believe. Isn't that right? You want to get over the stomach trouble, be made well? You believe? It's caused from a nervous condition, makes... That's it.

Now, you'll have to do what I tell you do in a few minutes.

Just accept your healing right now, and go out of here just as happy as you can be singing, and rejoicing. You've always been under a strain like that. See? You've always been nervous since you was born. See? Isn't that right? I'm not reading your mind, but I seen you life just go back to a little girl. You always get scared. Lot of times things frighten you, dogs or some another like that. You make a noise, and you'll... One time coming from school, you was run by one. You see? Isn't that right? And then when you--you--it makes you real nervous. You always feel that way: you're upset. Always deep thinking, crossing bridges 'fore you get to them. Every... Isn't that right? But you're healed now, you can go home, and eat your supper, and be well, in the Name of the Lord Jesus Christ. God bless you...?...

L-72 Come lady. It's a female trouble, isn't that right? You want to be well, don't you? Certainly you do. It could run into a cancer. Will you raise your hands and say, "I accept Jesus as my Healer." And I condemn the disease in her body in Jesus Christ's Name. May it leave her. See? God bless you, sister. Go thanking God, rejoicing and happy.

All right. Come here. Do you believe with all your heart? I want to ask you something. Now, I know, mother, life's probably hasn't been... Well, just to show you. A few minutes ago, there was a real strange feeling come to you when you was walking up that step. Is that right? And the reason it was, when I was talking to a lady here a few minutes ago, that had stomach trouble. Is that right? You both were healed at the same time. You see? Your stomach trouble left you when you come up the steps. Just like hers did.

L-73 Besides being nervous with prostate trouble, you have stomach trouble yourself. Isn't that right? Dear Jesus, I pray that You'll make the man well. May he leave here happy tonight and well, in Jesus' Name. Amen...?... as getting up night, for he--he's going to the bathroom. See? That's stopped now, you go and re...
