**L-78** Now. Now, His Presence is here. Now, in the Name of Jesus Christ the Son of God I take every spirit here under my control. [Blank.spot.on.tape--Ed.] Now, listen. Be quiet. Don't move around, just set still, pray.

Be in prayer? Look this a way, you without prayer cards. And you with prayer cards, when you come here, if He goes to speaking to you, don't say... Just wait, let Him get through talking, and then you'll know what He's speaking of. See what He tells you to do. Sometime when you break up, then you break the vision (You see?), and that--that stops me. 'Cause I hear you talking, and back here, maybe you are as a little girl or little boy talking, and then it brings me out of the vision. Just let Him get through talking, and hear me ask you, and then the vision's over. See? Now, be reverent everywhere.

**L-79** Now, is this the lady? Now, if you will, someone watch time. And Brother Wood, you watch real close tonight if you can; don't let me stay too long, and... But let me stay as long as possible.

Now, everybody real reverent, and be in prayer. Now, you can imagine my position standing here before this, I suppose, three thousand people, right on it, maybe more. And standing here, to this woman, a stranger... Would you like to walk up and take the place before the audience? See? Neither would I, but I'm depending on Him, the Lord Jesus. He promised, said, "I'll be with you."

And He has been to this time, and I believe He will, and will help me now, 'cause I believe Him and I trust Him. And I--I believe that He will do it. Jesus Christ, the Son of God, surely will help us tonight.

Almighty God, Author of Life, Giver of every good gift, send Thy Spirit upon these people, and heal them, every one. Satan, I condemn thee. In the Name of the Lord Jesus Christ come out of this people. Every one of you stand to your feet, everywhere, and give God a praise. The Holy Ghost...?...

That's right. There's not a hope in the world for it. And my brother, the father of that baby, you need the Lord Jesus Christ as your Saviour, don't you? You a sinner. Will you accept Him now as your Saviour? Will you raise your hand and say, "Lord I accept you." Now, put your hand right over on your baby.

**L-102** Almighty God in the Name of Jesus Christ. I now rebuke this devil that's killing this baby. May pardoning grace come to this father, and may they go, and live, and be happily together, in Jesus' Name. Amen. God bless you. Your sins are gone. Have faith in God now. Amen. Believe on the Lord Jesus Christ and you can be made well. You believe Him?

What do you think, sir? You believe me as God's servant? Your trouble is in your back. It's a spinal condition. That's right, isn't it? You're having hopes tonight that you can get saved, and other thing, you got a habit you want deliverance from, isn't it? Smoking cigarettes. Will you give them up right now? Raise your hand, say, "God, this finishes it." On your road, and your back trouble will be well. In Jesus' Name.

Let's say, "Praise be to God." Death lingers near, so does life.

**L-103** Do you believe that Christ could heal you of this horrible demon? You believe He will take it away from you and make you well, this cancer?

Almighty God, the Author of Life, the Giver of every good gift, send Thy blessings upon the woman and heal her in Jesus' Name, I pray. Satan, I rebuke thee in Jesus' Name. Amen. Go on your road rejoicing now.

Just a minute... What do you think, sir, setting here in that wheelchair? Are you believing? You believe Jesus will make you well? Kinda struck you then, didn't it? You realized something happened. You believe me to be His servant? Will you obey me as His prophet? Then you can get up out your wheelchair, and push it, and go home. Jesus Christ will make you well. Don't be scared; believe.

And the rest of you, while he's coming out. You can do the very same thing. There he is...?... will stand up. Every one of you stand to your feet right at this time.

And let's just keep in prayer. And if He talks, believe on the Lord with all of our heart. And I trust that the Lord Jesus will bring these things to pass each one. [\[Matthew 28:20\]](#)

**L-80** All right, sister. Now, just a little talk with you. Now, the first thing I see you is you're wearing glasses. You see? So now, being that you're the first patient here, are we strange to each other? We don't know each other, our first time meeting tonight? Just so the people will know that, would you raise your hand, so that they'll know it. We...?... Not no way at all, I ever know you; you're--you're a perfect stranger to me.

But God has knowed you since you were born and before you were born. He's knowed me the same way. Now, if I was... If you need healing of your body, I don't know. But if you do (See?), if I could do it, I would. But if I wouldn't, I'd be a brute (See?), if I could do it, and wouldn't do it. But I can't do it, because it isn't in man to do it; it's God, diagnosing.

Now, if He will let me know, just like you and I talking, like the woman at the well of Samaria talked to the Lord Jesus. He talked to her just long enough to get a conversation to strike her spirit. And that's what I'm doing, the same thing. Just to know. And if He will reveal to me what you're here for, will you accept it as His Presence, and Him doing it, and will believe then? You'll accept it. If it's--if it's for finances, you believe you'll get it? If it's for salvation, you believe you'll get it, and if it's... Whatever you ask Him, you believe you'll get it. If God will reveal it to me what you're here for, then it shows Him then, what you want. Will the rest of you all do the same, believe with all your heart? All right, just believe. [\[Acts 3:4\]](#)

**L-81** Now, as I look to you, as Peter and John set at the gate called Beautiful, to the crippled man, "Look on us." See? 'Course, he was trying to see, perhaps the vision struck at it does for all things, showed him that the man could walk. He just picked him up, 'cause he knowed that he could walk, after he'd seen the vision that he could walk.

Now, to you, your trouble... You've got a hernia in your back. It's in your back, where your trouble is. Then also, you've had an examination of some sort, and it's a growth on your spine. You have a

growth on your spine. And then I see him looking at your wrist. You got a growth on your--your right wrist, got a...?... with a little knot. You can't see it here, but it's there anyhow. That is truth.

Then you're not from here. I see you come from the south, this way. And you're passing a street, walking; it's got a lot of great big palm trees, and you're by a seashore. Where... You live in a city where the sea rolls in and out like this, and it's a... It looks like I ought to know it. It's...?... You're from Miami. That's where you're from. That's right. There you are. Now, go back home and be well. Jesus Christ will make you well, in the Name of the Lord Jesus. See?

**L-82** Have faith in God. Don't doubt. Believe. You shall have what you ask for, if you can only believe.

Now, oh, if I could only, my audience could know what a feeling that there puts on you. I just feel like I shaking to pieces right now. See? It's because of that woman's healing.

Now, it--it just seems like there's streams from out in there, just pulling every way. What is it? Your conscious now that Something's here besides man. See? And your spirit... See, it isn't me that does this. You're the one who does it. See? The woman... It wasn't Jesus healed the woman; the woman caught this, pulled it through Jesus. It's God's gift, but your faith is pulling God's gift. See? God can use His gift or you can use it. [\[Mark 11:22\]](#)

**L-83** Now, see this woman standing here. I suppose we're strangers to one another, lady? Well, God knows you, doesn't He? I don't. But if God will reveal to me, just for His glory, which you know that He receives all the glory, for man cannot do those things... Now, if He will reveal to me what--what you're--what you're here for, will you believe it, and accept, that you believe that you'll get what you ask for?

It's some contact with somebody else. You are... You suffer with a trouble that upsets your stomach, but it's under your right side, which is a gallbladder. You have gallbladder trouble. And you have, I believe, it's a blood condition, diabetes also. You have sugar diabetes. And I see someone standing near you. You're... It's--it's a young man, kind of husky. It's--it's... Your son's a preacher. And he's--he's with

Yes, ma'am, you believe Jesus will heal you? He did heal you right then. Your--you suffer with that for a long time, lady. It's gone from you now. Your faith made you whole. Praise be to the living God. Oh, how we love Him. How you should love Him. [\[Mark 9:23\]](#), [\[Luke 22:64\]](#)

**L-100** While the Holy Spirit's a moving there. There's a man setting right behind you, setting there with an arthritis. You believe, sir, that the Lord Jesus will make you well? You believe it? Yes, sir, you do? All right, sir. You can have your healing then. God bless you. Kindly shocks you doesn't it?

The lady setting right back there, holding her hand up praying, she's got a bladder trouble. She wants to be healed too, looking right at me, setting right back in the back. You believe that God will heal you back there, lady? All right. If you believe it, you can have your healing. Amen. Isn't He marvelous?

Lady, setting right back here, right back through here, she's looking right at me. I see the light hanging right over her. She doesn't have a prayer card, but she's suffering with a heart trouble and arthritis. That Light went right straight from this man over to her. Right through here, and now, sister, if you want to believe with all your heart, you're wearing glasses, you want to believe, you can be healed. Jesus Christ will make you well. God bless you. All right. That settles it. Amen. Oh, how wonderful. Do you believe?

**L-101** Now, here's... It looks like you could see that, Christian friends. See that light whirling? He's standing right here. Coming right over that la--setting right there with--you got varicose veins, setting right there. You believe Jesus going to make you well with those veins, heal you? You believe it with all your heart? If you do, you can have your healing. God bless you.

Excuse me, sir. You believe me to be His servant? You--you come with your baby, mighty sweet little baby. I don't know you. You know that. I'm a total stranger to you. I never seen you, I suppose, in my life sir. We're totally strange to each other, but God knows both of us, doesn't He sir? You got your little baby, and I can see that baby coming from being examined. And the doctor says there's no hope for it. That baby is suffering with cancer in the blood, called leukemia.

world will never know, sister, what a feeling it is.

Now, are... We do not know each other. We're strange to each other, and I, your brother in the Lord Jesus, and we are here trying to help one another. If I could--I could help you and wouldn't do it, I'd be a brute. If I could help you, but there's nothing in me that I could help, except God would let me know what to do. So if He will reveal to me why you're standing here, will you accept it then as truth if it's finances or whatever it is? You'll believe that God is interested in your case and is going to hear? You'll do it? May the Lord grant it. Is my prayer, as you look at me.

Not, you know like Peter and John passing through the gate called Beautiful said, "Look on us. (See?) Look on us." Not look to them as Him, but just to give attention to what they're saying, catch the attraction of the Spirit. [\[Acts 3:4\]](#)

**L-98** I see that your had some trouble with a eyes condition, and I see a doctor that's examining it. And he consulted another man, and that man... They don't know what's wrong with your eye. They can't say... They can't put their hand on it, what it is. And then, I see them giving you some kind of a something down the stomach here some... It's a fallen stomach. You have a fallen stomach. The doctors has give you up in them regards. And you are not from... You're not from this city. You come from up the road this a way: Atlanta. And the doctors said, "Miss Trudy," or something like that he called you. That's right. You return home now and be well. Your faith makes you well. God bless you. Have faith.

**L-99** You're the father of the child? Have faith in God. Don't doubt, but believe. If thou canst believe... Now, remember, this is not me. Hear to it; it's not. Now, your attitude towards it... Call it what you wish to; that'll determine what you get from It. Depends on how you approach It.

The woman touched His garment; she had virtue come to her. The man who smacked Him on the face, and hit Him with a reed, and said, "Prophecy and say who hit you," there is no virtue to that.

Little lady, setting right back there. Your suffering with head trouble, aren't you, lady? Setting and looking at me right there, You believe...

somebody that's got wearing straws, or something another, that's got a...?... No, it's Foursquare, a Foursquare preacher. And he's kind of a husky fellow, and he's red-headed. That's right. Go home; you have what you ask for. Your faith makes you well. Amen.

**L-84** Come. You believe? God bless you, lady. We're strangers to each other. 'Course I can see your trouble; it's this place on your nose. Now, you look to me just a moment. Maybe, seeing that's your trouble, maybe God will tell me something else that you can see... Anyone can see that. You see? Like, if you can go out here and say, "This man setting here crippled in a wheelchair." Anybody sees that. "This man here on the stretcher, this man here," sure, anybody sees that. But the thing is somebody looks well, and then the mysterious part, what about that? That's the part.

Now, you look to me...?... You realize that Something's come over you now. That is the Spirit of the Lord. Now, that is a growth that you're a afraid of being a cancer. And that was caused... You got it hurt. You hurt your nose sometime ago, and it's been coming like that, growing up to this place. And somehow or another, between you and I, there comes great roaring waves, like water roaring. And you're leaving... You're going to some... It's a--it's a sea. You're a missionary. And you're from, I believe, it's Bermuda Islands, or somewhere. It's one of those places where... off of a... [The sister says, "Bahamas"--Ed.] Yes. Where you're... And you're trying to go back, aren't you? God bless you.

Have faith in God. Believe.

**L-85** Lady, are we strangers to each other? We are strangers to each other. I don't know you, but God knows you. Now, quickly, I begin to see like a little dark shadow moving, and it's a--a wearisome spirit, causing you to be nervous. You get real nervous, don't you? You have a nervous condition, especially... I see you in kind of late of the afternoon, like that, you get your most nervous, and sometimes you set down from your work. That's right.

Then you have something wrong in your back, kidney trouble, that's in your back. Then you got... You're wearing your glasses, and that's from weak eyes. And that was caused from some kind of a something

that happened, like a--as in smallpox, or something, settled in your eyes long ago. That is true.

You believe you're in His Presence? You believe that that's Him speaking through me? That wasn't my voice then, that was His. Now, this is mine. Do you believe then, if He's...?... present to lay hands on you, what'd He say would happen? They shall recover. Is that right? Come here. This I do in obedience to the commandments of our Lord and Saviour, Jesus Christ. Let this woman be healed. Amen. God bless you, sister. Go rejoicing now, and God be merciful and bless you.

**L-86** How do you do, lady? Do you believe with all your heart? We are...?... strangers to each other, I suppose? Oh, it's...

You want to get healed of that...?... trouble? You was healed then. Jesus Christ made you well, lady. Amen. Amen.

See, you don't need your prayer cards. You don't have to have them. You just have to have faith in--in God. Just look this way and believe that I told you the truth. See, that's all I ask you to do.

The lady was setting there praying. And as she was praying, said, "Lord, let the man turn around and call me and I'll accept it." If that's right lady, wave your hand, raise up your hand and wave. See? Just quoting your prayer to you. See?

You're in this dimension; you're--you're not in this world; you're somewhere else. See? Oh, isn't He wonderful? He's raised from the dead. Oh, won't you say, "Praise be to the living God, the great Jehovah." He's not left His people without a witness. He's come to us in this day, and we worship Him and praise Him with all of our heart. Amen.

**L-87** Now, look this way just a moment, lady, that I might be able to say something to you, perhaps that would help you. I hope so. It'd have to come through God; you know that. I see you... You've been to a doctor, and a doctor was examining a left eye. And it was in some sort of a place like a... No, this is... Yes, now wait, there's another vision moving into my--that's far back behind you. You was in a place where they operated, a growth something or another, pulling a growth off your eye. And then it's come back again, and this doctor tells you it has to be cut out now. That's the truth. You believe that Jesus will let

the place like the lady will be..." And then watch what God will do, and then you accept Him as your Healer as your Saviour, whatever you have need of.

Now, to talk to you, lady. There's people pretty near all around tonight. I just got to single you out. Spirits from everywhere...

Now, me being just a man, then you just a woman. It's a very same kind of a picture that Jesus talking to the woman at the--at the well. It's a man and a woman again.

Now, I don't know you and never seen you, but I just have to get your spirit different from these other spirit of people who's talking or who's praying (You know?) at this time, faith coming in.

**L-95** But immediately... Now, if the audience is still hearing my voice, the lady is moving away from me, and she's--she's a lady... That woman standing before me has just recently been in the hospital, and that's just been in hours ago. She was just dismissed from the hospital today or this afternoon, seven o'clock tonight, when she come out of the hospital. She has a rare blood disease, coupled with mental nervous condition. Go on your road, sister, Your faith healed you, you can get yourself well. Amen.

You believe? All your heart now, have faith; don't doubt. If thou canst believe, all things are possible; but you got to believe. Now, just have faith out there and you shall have what you ask for. [\[Mark 9:23\]](#)

**L-96** Little lady setting there in the pink coat with that bladder trouble, just--you been healed. God bless you.

Lay your hand over on the lady next to you, 'cause she suffers with a nervous condition, on this side over there.

Our heavenly Father, her faith touched. I got weak. I seen the light of You hanging over her. I pronounce them well in the Name of Jesus Christ the Son of God. Amen.

See, you don't need prayer card. You have faith; believe that God has said truth. For He's nothing but truth; He's the resource of all truth.

Now, just be reverent. Just believe with all your heart. You--you can have what you ask for if you'll just believe it.

**L-97** Now, is this--this is the patient? I'm not beside myself, but the

but you are a Christian. Now, that much...

**L-92** Now that--now that's just what Philip said to Nathanael. When he came up, he said, "Behold an Israelite, or a believer, in whom is no guile."

He said, "How did you know I was an Israelite, a true believer." See? That's the same spirit. That woman could've been a rank sinner, but I know she's a Christian. See? Because the first thing, her spirit, when this anointing that's here now, it caught right quick. You see? I seen it was a Christian. It made it welcome. See? So she... I know she's a Christian.

Now, if I don't know the woman, she don't know me... If the Holy Spirit will reveal to her, and what she's here for... Now, of course, longer I talk to her, more It would say. You know that night after night. [\[John 1:47\]](#)

**L-93** But if It would just tell her what she's here for. Would the whole group of you believe that I've told the truth. That would be God saying it's the truth. Now, a man can come by here and tell you anything in the world, make up some kind of fanaticism, do anything he wants to, that... He could do that, tell you that. That don't make it so. But when God comes back around and says that's the truth, then you'd better believe it. 'Cause that--not to believe that is sin.

So I testified. Now, it's God's time to testify of whether I've told the truth or not. All right. Now, just standing here talking to the lady, never seen her in my life. But the lady's very conscious right now that Something is near her that isn't her brother here a man. There's something near her, that she knows it is. And that's that Angel right there you see on the picture. It's right here now, just a Light between me and the woman. That's the reason it dropped down there and I felt it welcome. Light all the way through, she's a Christian.

**L-94** Now, I just want to talk to you just a moment, by you being the first patient. And I want every person, no matter where you are and what's wrong with you, you look this a way, and you say, "Now, Lord Jesus if You... I know that man up there. He's just a man, and if... And if You'll just let me, let me have faith, and let my faith be build just to

you get well? Come here.

Almighty God, in the Name of Him Who sees between us, God be merciful to the woman. May she be well and live a long life. In Jesus' Name I ask it. Amen. God bless you, lady. Go now, and be healed. Have faith. Don't doubt.

**L-88** You believe, lady? Now, we're strangers to one another. But there's one thing that's sure; God knows us both, doesn't He? You're suffering with a hideous thing called cancer, and then a death spirit hanging near you. And then this one thing you need worse than that, it's salvation to the soul. That's right. Will you accept Jesus as your Saviour now? You're a sinner. If you will repent now and give your life to Christ, Christ will heal you. Do you give Him your life?

Almighty God, her sins be forgiven her. And I pray, God, that You'll take ever sin away and--and heal her tonight and make her well. I condemn the devil that's bound this woman. Come out of her in the Name of Jesus Christ. Amen.

All right, little lady, you've cried hard. You know you've been condemned. On your road to here you were praying that God would do something for you. You was ready to repent. Is that right? And your sins are forgiven now. Go on your road rejoicing and serve the Lord Jesus. Amen.

**L-89** Now, I didn't read the woman's mind. And this woman here, lay--lay your hand over on my hand just a minute. I won't look her in the face. If God will reveal to me what's wrong with you standing here like this, never looking at you, will you believe that Jesus sent me? Will you do it, lady? You have diabetes. Jesus Christ makes you well. Is that right? Go on your road rejoicing.

You don't have to do that, just take... Let me have your hand a moment, lady. Here I see you trying to get out of a bed, lady. You're sick and in your body, it's arthritis. Is that right? Go off the platform; Jesus heals you and makes you well.

Come, will you, lady. Come. Just a moment. Where's the colored people? You on the cot, do you believe me as God's prophet? You have no prayer card, do you? You believe that God can tell me what's wrong with you? Will you accept me as your prophet and obey me?

Then get up from the cot, and go home, and eat your supper. Jesus Christ will make you well. Amen.

**L-90** Lady, you believe that God heals your diabetes? Go on your road rejoicing and be made well. Jesus Christ heals you. Amen.

Let's say, "Praise be to the living God." Let us say, "Praise be to God." All right, sister, do you believe me? Jesus makes you well. Believe with all your heart. Jesus Christ heals you. Go on your road rejoicing, saying, "Thanks be to God."

Sir, what if I told you, you was healed standing there in the line? Would you believe me? You are, my dear brother. Go on your road...?...

You believe, lady? Go eat your supper. Jesus Christ heals you of stomach trouble now. You can go be made well.

You believe?

**L-91** Come, lady. You believe with all your heart? Do you believe me to be God's servant? The kidney trouble leaves you then. Go on your road rejoicing, and your back's made well. You can go on home made well in Jesus' Name.

Come. Watch. You believe?

Just a moment. Do you believe me, lady? Look at this foul, black streak coming across this way; can't you see it? Here it is. It's them two women setting right back there in that second row. Both of you are suffering with female trouble, lady's trouble. That's right. You have the same thing. All three of you stand up. Jesus Christ heals all three of you. There goes the streak away from you. Go on your road rejoicing and be made well. Have faith in God. [\[Mark 11:22\]](#)

**L-92** The lady setting right back there with back trouble, do you believe Jesus Christ makes you well? Do you believe me with all your heart? If you do, you can receive it. God bless you. Go home and be made well, if you can believe. Amen.

You want to get over that hay fever? You believe that God will make you well? You do? All right, be healed then. Lay your hand on that lady next to you there; she has heart trouble. Let's see if she gets healed too. Lord Jesus, I pray that You'll bless her also and make her

Jesus paid for your sins when He died at Calvary. He paid for your sickness when He died at Calvary. So therefore, if God in His mercy did that, the only thing He could do now, would either, pick up the Bible, preach the Word. Or He might be able to speak with a language that would be interpreted by somebody else and tell somebody something to do. Or Him being the Prince of prophets, He could, perhaps, stand here like He did in the Bible time, and your faith could come over and touch Him till, virtue would go out of Him, and He'd turn around say, "Who touched Me?" And He'd look around and tell you just exactly what happened. Is that right? Is that Jesus? [\[Mark 5:30\]](#)

**L-90** Then if this lady setting here in the chair would come up here, and Jesus would know her... I don't know her. God knows that. I've never seen her in my life. But what I'm trying to get at you, friends, so you'll always remember...

Now, when Jesus did those things, what did Philip say He was? The Son of God. What did the woman say He was? The very Messiah, because He did it. But what did the Jews say He was? Said, "He's a fortuneteller. He's a devil. He's Beelzebub, the prince of all the fortunetellers." See? They knowed He knew what was wrong with them. He knew their hearts. He knew their troubles, for the Father showed Him what He wanted Him to know. You see what I mean? Now, that's Jesus tonight, the same. All right.

Now, be reverent wherever you are, and now this ought to settle it once forever. [\[John 1:49\]](#), [\[John 4:29\]](#), [\[Matthew 12:24\]](#)

**L-91** Would you bring that lady here, or tell her come here. Come here. I just... Now, lady, I just want you to stand there; that's all to do, just... That's all I ask you to do, is just stand there.

Now, I don't know you. You don't know me. You just raised your hand you didn't know me, and I don't know you. But God knows both of us, sister, and He, and He... I hesitated about that sister for a minute (See?), to say that, but I realize now you are. Now... See? It's first--first thing I know that you're a Christian, because as soon as I caught your spirit, it come in like that you was a Christian. See? Your spirit was welcome. If it kept turning dark and cloudy, I'd knowed you wasn't; and therefore, I wouldn't have called you my sister. So then,

L-87 Now, how many here doesn't have a prayer card and wants to be prayed for, would you raise up your hand? Just raise up your hand, don't have a prayer card, but yet you believe that God would heal you? May the Lord Jesus in His mercy ever bless you. All right.

Now, if we will just be reverent for a few moments, let's see if they're lining... Well, that's the way, about about as many as you can get in that line, I suppose. All right. We will pray for a few right here now, and then the... We will wait just a little bit to see wherever the--our precious, heavenly Father will lead. Now, I want you to believe with all your heart.

I see a man's done reached over... Is that your girl? Is it? A man got so much faith he's got a little polioed girl setting here. When this prayer line begins to start. He reaches over and takes the big brace and shoe off his child. That's the way. That's the way. And that's--that's faith. That's the way to believe it. Our loving Saviour knows all things, can do all things.

L-88 Now, along this prayer line here, just a few, and maybe we stand up a few more in a moment. I want to ask you along there. Are you all strangers to me in the prayer line? If you are raise your hands? All of you strangers. Are you all strangers out there, raise your hands, everywhere in this...?... All strangers. Then I don't know you. I know nothing of you, but I want to ask you something. Just make this just on the Bible.

Now, what if Jesus was standing here, wearing this suit that He gave me. Now, what--what if He was standing here? What would He do with this situation tonight? What if--if someone out there would come and say, "Jesus will You heal me?" You know what He would say to you?

He say, "I already done it. Don't you believe it?" Is that right? What He done at Calvary He can't do no more. See? He--He--He healed you at Calvary. He saved you at Calvary.

L-89 Now, you say, "I was saved two years ago, Brother Branham." Well, you wasn't saved two... You was saved nineteen hundred years ago. You accepted it two years ago.

well. Amen.

You know the reason she was healed... Lady, with the baby, that heart trouble you been having, this lady here had heart trouble too. You was both healed at the same time. So you can go home and be made well. God bless you.

And now, you had the same thing; it left at the same time it left from her. There's that...?... up right like that. You're healed, go home rejoicing and be made well. Hallelujah.

L-93 You believe? Have faith in God.

Your arthritis is gone. Go home. Amen.

You want to get over that phlebitis, setting back there? Do you believe that God makes you well? Your faith healed you just then, lady. Rise to your feet, Jesus Christ makes you well.

Come, lady. Your anemia condition is gone also. So you can go on your road rejoicing.

Amen. Just a minute, just a minute. Here's my...?...

You believe? All right, your female trouble's gone from you. Have faith.

L-94 Is this one of the patients? Are you the patient, sir? Do you believe? You believe on me as God's prophet? I believe you're telling the truth. You've been hurt. You've been struck with a piece of steel or metal, and you've had a brain operation. I see something like trains, or railroad. You was... You had an operation. You're a Catholic also, by faith. You're a Catholic. And your--your name is Davis; your first name's Walter. You live at 909 Second Street. Go home, sir. Praise the Lord Jesus, He makes you well. Jesus Christ grant it to you.

Why don't you get up, with the gallbladder trouble, laying on that cot, lady. Rise up, in the Name of the Lord Jesus...?... Amen.

#### **55-0609 - Porter Stadium, Macon, GA (Paragraphs: 33 - 54)**

L-34 All right. Got them all now? What say? All but 100, number 100. If anybody finds the prayer card of R-100, would you bring them to the line. Look on, somebody who maybe can't raise up, or somebody may be blind and can't get in, or deaf and can't hear. Look around at

your neighbor's card, as we minister. You have it? That's good. All right. That's--that's very fine. All right. Prayer card R-100. That's very fine. All right. Does that make all of them now, boys? All, everything okay? All right. Bring your patients then.

O God, have mercy.

Now, in the Name of Jesus Christ, the Son of God, I take every spirit around here under my control for the glory of God.

And to you out there who has not prayer cards, no way for you to get up here, without prayer cards, and wants Jesus Christ to heal you, would you raise up your hand? Just look, everywhere.

**L-35** Now, I say this, if He comes in His anointing power... See? It isn't...Now, I don't do this. It's nothing that I can do about it. You're the one who does it. It's your faith that does it. This is just a gift. When God wants to show me a vision, He just comes down and picks me up, and shows me the whole thing, and how it's going to be; and then I come tell the people, and that's just what happens. It never has failed. I'm forty-six years old; it never failed not one time. Ask anybody if you ever seen.

But now, you, yourself, you are Christians, and you pull that gift out. See? It isn't me; it's your faith that does it. If you don't have no faith, there's nothing can be done. It's your faith that operates the gift. Just like Christ, when He was here on earth, He was... This little gift to me is just like a little spoonful out of the ocean out here. And Christ was like the whole ocean. But remember, the same chemicals that's in that spoonful, is in that whole ocean full. See? It's just not as much of it. See? So it's a... That's--that's the way a gift of God is.

**L-36** Now, it's your--your faith that operates the gift. The woman touched His garment; Jesus never said, "Oh, I--I..." No, He said, "Thy faith has made you whole." See? Your faith does it. It was her faith that did it, and it's your faith that does it.

Now, to this woman here, she's... God might not say one thing to her. Now, is there anybody... everybody along that line, here, strangers to me, you standing here? If you are, raise up you hands, everybody that's strangers to me. That's all the way down the line. How many out there is strangers to me? Let's raise up your hands, everywhere. Now,

sister. [[Philippians 4:13](#)], [[Romans 10:17](#)]

**L-53** Let's say, "Praise the Lord!" [Congregation says, "Praise the Lord"--Ed.] You believing? Have faith.

My boy's hitting my side, so I know it must be close to time. Do you believe with all your heart? Got high blood pressure. You got heart trouble. The woman behind you has the same, both high blood, and you're husband and wife. Go on your road home and get well. Believe. Are you believing?

Who is that lady going through there, just then? There's a light following her. No, it isn't. There's a little lady looking at me there, standing right out here, looking at me. A little, pink, looking dress of affair... You're suffering with asthma. You believe God will heal you? Will you stand up just a minute? All right. You got asthma, or you had asthma. Jesus makes you well.

**L-54** The lady next to you, tell her to stand up; she's suffering, too. Just remain standing. All right. You suffer with a head trouble. Don't you, lady? All right. You can go be made well. Tell the lady next to you to stand. Do you believe, lady? You believe God will make you well? All right. You can have yours, also from high blood.

That man setting right here. I see a man out here worried about his boy. He is studying about a boy. That boy is some sort of a man... He's got cancer. And he's--he's something; he's been a soldier. He--he--he was in Korean war, and the boy's got cancer, and he's backslid, and you're worried about him. Isn't that right, sir? Raise your hand and accept God for the Healer.

I condemn every devil, every unclean spirit, every devil of doubt. It has no right to hold these people any longer. And anybody that'll believe me, and believe that I tell you the truth right now, I condemn every unclean spirit and every devil of doubt. And I don't care what's wrong with you, in the name of Jesus Christ stand upon your feet, give God praise, and you shall be healed, the whole group of you, right now. I pray in Jesus' Name.

**55-0611 - Porter Stadium, Macon, GA (Paragraphs: 86 - 103)**

that woman there, 'cause you was standing in front of her. See? And there's something wrong with her. I don't remember now what it was. But I seen you, and it was told her about eating. Because it was a stomach trouble. It was you that had the stomach trouble. So you just go on your road, and eat what you want to. Jesus makes you well, and believe with all your heart.

Let's say, "Praise the Lord!" [Congregation says, "Praise the Lord"--Ed.]

What if I told you you was healed, while you was setting there, would you believe it? All right. Go on your road rejoicing, and saying "Praise the Lord," in Jesus' Name.

**L-52** Come. You believe, lady? You got an abscess, and that's on the female gland. You got a female trouble. And you believe Jesus make you well now? All right. In the Name of Jesus Christ, I ask it to leave. Amen.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."-Ed.]

Now, would you bow your head again? Here's deafness hanging at the woman.

O God. Not able to hear, but Thou can do all things. She can't hear the message, so "Faith cometh by hearing." That's why I stop her, Lord, not for any other purpose, but that faith might be known, that, "Faith cometh by hearing. And if they can't hear, how can faith come?" So I pray, God, that You'll give me this special blessing at this time to cast away this evil from my sister. So, Satan, upon the basis of the shed Blood of the Lord Jesus Christ, as His representative, sent by an Angel, ordained so to come and do this, I adjure thee, in the Name of the living God, that you come out of the woman. How long has he been a hold of you? Hear me all right now? You're perfectly normal and well. See? Hear me all right now? What...?... You hear me? Amen. Amen. Perfect. God bless you. That other trouble left you too, the lady's trouble.

Oh, my. What's a female trouble to God? Why, He can heal you right there. Don't you believe that?

In the Name of Jesus Christ, I condemn this devil. You're healed,

I don't know a one of you. the only ones that I know in this audience tonight, God in heaven knows, is just what I've introduced, besides my boy here. That's all--the only ones that I know. But now, God knows every one of you. Now, in the supernatural realm, may the Lord grant His blessings, is my prayer.

Now, sister, if you... I... Just come a little nearer this way, if you will, just so I can keep you out of line of other people. You are a--you are a human being, but yet, you're a spirit too. If you didn't have no spirit, you'd be dead. See? So every time, when you see a--an automobile going down the road, that automobile is operated by a spirit, represented in a body. See? Now, I'm not dealing with your body; I'm dealing with the spirit. Like when--when life goes out of a tumor, I'm not dealing with that growth tumor; I'm dealing with that life in that growth. It's a separate life from the person who has it. Or a cancer, or a cataract, or whatever disease it is... [[Mark 5:27, 34](#)]

**L-37** Now, we're standing here as two human beings, never met in our life before, perfect, total strangers to one another. And you're standing here as a woman, me as a man. A very beautiful picture, to begin with tonight like our Lord Jesus and (not taking His place, but I mean that He's here. See?)--and the woman at the well of Samaria. Not that you've taking her place, but it's just a man and a woman standing, talking. Now, He talked to her for quite awhile, until He caught the conversation, till He found out what was wrong with her. Found her spirit, and then God showed Him what was wrong, and He told her. He said--He said, "Go, get your husband."

She said, "I don't have any."

He said, "You've said well, 'cause you got five. And he who you now have is not your husband. In that thou has saidst well."

And she said, "I perceive that You are a prophet." She said, "I know when Messiah cometh, He will do these things, but Who are You, as a prophet?"

He said, "I'm the Messiah."

So that was the sign of the Messiah then. It's the sign of the Messiah today. And if He would come here now, in the person of you and I, and would come in our body, and would perform the same things He

did to that woman at the well, would you believe it would be the sign of the Messiah? Would you accept it that way? Would the audience accept--accept it that way, the sign of the Messiah? Now, may He grant it for His glory then, for His Word's sake (See?), not that we're worthy, but for His Word. [\[John 4:16-19, 25-26\]](#)

**L-38** Now, the lady, that's standing here, talking with her, just looking at her, you don't have to answer me, I'd rather she wouldn't. But just to catch her spirit, get her single, 'cause it's coming from everywhere... But the--the Lord may not say one thing to me about the woman. She realizes she's in His Presence. She knows it's not me. That feeling that she has right now, that's moving on her, as that Cloud settles between her and I, she knows that that's not a man. She knows it only can come from God.

And now, I want you to look this a way, lady, and just believe with all your heart. It's the only way I have of helping you to know more of the Lord Jesus. Not knowing what you're here for, knowing nothing about you, but God does know. But as the lady begins to notice, she is suffering with a tremendous nervous condition. And that nervous condition is very, very bad. Now, I see her trying to hold onto things. She drops things all the time. She's having a spells of--gets worse on her, at times, and especially in the middle of the day, look like, when she's trying to wash dishes or something, she's dropping them. But she's... The trouble of it is, she's... Her trouble is in her back. It's her spinal condition, that's making her trouble. And the woman also is suffering with something that... Yes, she's conscience of it. She has tumors. And those tumors are located on her breast. That's the truth, isn't it? Now, that wasn't me talking then. That--that's me now, but that was Him, whatever He said. You believe Him with all your heart? Then come here just a minute, and...?...

**L-39** Our heavenly Father, I lay hands upon this poor child, and rebuke the enemy that's doing this evil to her. May it come out from her and leave her. In the Name of the Lord Jesus go out of her. Amen. All right, sister, look this a way. If He knew what was in your life back there... You're a witness of that. Was that true? Every word true? All right. This is true too: Go out of here, rejoicing and happy. It's left

it's because you're a nervous type of person. You're upset all the time; you're nervous. And it's caused you to have a stomach trouble. And it's got a peptic ulcer, which caused you to have acid in your stomach, and so forth: burns, and your food don't agree with you, and you're restless at night. That's exactly right. You've actually been nervous since you was a child, ever since you was a little girl. When you was in school, you used to complain about it. And you've been just a little near-sighted too. When you read your book, you hold it right close to you, in your school, when you was a little girl. Those things are true, lady. Now, you're healed. You believe now with all your heart? God bless you. You can go on your road rejoicing now and be happy. God bless you.

**L-49** Come, lady. You believe with all your heart? I'm a stranger to you. But there's a hospital waiting for you, to take that tumor out. But do you believe God can kill it right now? I lay my hands upon you in the Name of the Lord Jesus, and ask God if He will do this for you. In Jesus' Name. Amen. God bless you. Go, and may you never have to be operated. All right. You believe with all your heart? How do you do, sir. God can take that kidney trouble away from you, right there. You believe it? You accept it? You believe you're in His Presence? You believe that's Him that lets me know that? Then go on your road; you can have just what you asked for. God bless you. May the Lord bless you, my dear brother.

**L-50** All right. Come. Would you come, sister? You have a lady's trouble that's bothered you, but the main thing that's bothering you now is heart trouble, because you're having smothering spells, and things like that. And especially when you lay down, after eating a whole lot. Caused from a nervous condition, which is not a heart trouble; it's a nervous condition that's causing the gas back up on your heart. You're going home now. You believe you're going home, and eat, and be well, and all right? You believe you're going to be well? Then, go on your road rejoicing, and thanking the Lord Jesus for ever letting you get well, and be healed.

**L-51** Would you come, lady? You know, it was kind of a hard thing,

will make you well? You know I don't know you, but God does know you, doesn't He? You believe that God will heal you of this diabetes, and let you go home and be well? All right. You may go on your road, rejoicing, and thanking the Lord Jesus.

Come, sir. Heart trouble's nothing for God to heal. He can make you whole any time. You believe it? All right. God bless you. Go on your road rejoicing, saying, "Thanks be to God." All right.

Would you come, lady? You believe? You believe God can heal you of this kidney trouble and make you well? Raise up your hand, say, "I accept it." Then on your road, rejoicing, saying, "Praise be to God." In Jesus' Name.

**L-46** You believe, lady, with all your heart? What's you come... You got many things the matter with you: a thyroid trouble, for one thing. But the main thing you come, because you're stiffening up all the time with arthritis, and you want God to heal you. Isn't that right? You accept it now? Then go on your road rejoicing; it'll all leave you, and you'll be well. Let's say, "Praise the Lord!" [She says, "Praise the Lord!"--Ed.]

You have a lady's trouble, for one thing. You've had it for a long time. But one of the great things that's the matter with you, or closest thing to taking your life, would be a heart trouble that you're suffering with. You believe that God heals you now of the heart trouble? That's right. Then go on your road rejoicing, saying, "Thanks be to God Who gives it."

**L-47** Now, it's the same thing: heart trouble. Now, do you believe that God will make the...?... well, and you well, too? You go... All right. Go on your road, you can have just exactly what you've asked for. Let's say, "Praise be to God!" [Congregation responds--Ed.]

Dad, you believe that old stiffness is gone, you go on your road, happy, rejoicing? God bless you. Just keep moving, and shouting the praises of God, and have what you ask for.

**L-48** Come, sister. Do you believe with all your heart? You believe that God is here? You believe that His Presence is near? You're a mighty young woman to have this. That's right. But what's caused it,

you. Now, go, rejoicing; you're going to be all right. Don't worry no more.

Have faith in God. "Don't doubt, but believe with all your heart, you shall have what you ask for."

Now, do you believe that Messiah, the Lord Jesus, has raised from the dead, and His Presence is here? You believe it? All right.

Now, this lady, here, I suppose, maybe, she's perhaps a stranger. I guess we are, aren't we, lady? We're strangers to each other. I do not know you. I've never seen you in my life, but the Lord Jesus knows all about you. And you are... I see you, another woman standing way behind the woman. It's the same woman, only she's younger. And she's suffering with something like head... And it's a migraine headache. You've had them for a long time. And I see a woman that's in a horrible condition. It looks a... It's another woman. It's a friend. No, it isn't; it's your sister. I see you as a little girl, come up, playing. And now, she's laying in a place where, looks like it's a hospital of a...?... And she's all bound up with a black spirit hanging...?... demonology. She's suffering with demon oppression in a hospital. **THUS SAITH THE HOLY SPIRIT.** Now, you believe with all your heart?

Our heavenly Father, in the Name of the Lord Jesus, may our sister receive that which she's come for, as I lay hands on her, in Jesus' Name I pray. Amen. Amen. God bless you. Go rejoicing. All right.

**L-40** Would you come, lady? Oh, my. Now, the whole kingdom of the world belongs to the Christian. All things that's in His Kingdom belongs to you. He gives you all things freely, by your faith. Amen. Have faith and believe now.

Is this my patient? All right. I want you to look to me, just a moment, lady. We are strangers I suppose, to each other. And we do not know each other, but the Lord Jesus knows us both.

Brother, you're setting there a praying, the big man looking at me with the white shirt on. Because you know that there's a spirit of death laying there near you. But you believe and are praying that God would turn me around and show and talk to you. And you, in your prayer, made this promise: if I would talk to you, you would accept your

healing. That's true, isn't it? That's right. All right. You're suffering with heart trouble, aren't you? If that's right, raise up your hand. Now, go and be well. God bless you. Your faith makes you whole. Just give God praise and glory. Have faith.

**L-41** All right, lady. You believe now with all your heart? Now, you're suffering. Around you, closing around, seems to be a great dark spirit, which is tremendous nervous condition. You've been bothered with it for some time. Now, I seen you got a--a fall. And you've--you hurt your knee. Your knee, that's what you want me to pray for, is your knee. And you are a Christian. And I see you going into a church. It's a--a Full... It's Assembly of God church. You belong to the Assemblies of God. Come forward now for your healing. In the Name of Jesus Christ, the Son of God, I condemn the devil that's did the evil to the Christian. Come out, Satan. I adjure thee to leave the woman. Amen. Go on your road, sister, thanking and praising God. Amen.

**L-42** Do you believe, sister? With all your heart? All right. You believe me to be His servant? I'm so thankful for that, that you do. All right. Now, as... I want you to believe that the Lord Jesus is here, and knows you, knows me, knows all about every condition. And I'm just a instrument in His hand. I've never seen you, know nothing about you, but God knows you. The first place, you're not from this city. You've come from the north, coming south. You've come from a city called, Atlanta. And you're just outside of there. And you're a woman preacher. That's right. See? And you're suffering with a bladder trouble and a female condition. And it's left you. You return to your city, happy, praising the Lord.

Have faith in God. Don't doubt. Believe, for all things are possible to them that believe. [Blank.spot.on.tape--Ed.]

You're the patient, are you? All right. We're strangers to each other... [Blank.spot.on.tape--Ed.]... Mrs. Brown, and you come from a street called, Monument Street, and it's 302 Monument Street, Augusta, Georgia. Return back now to your home, thanking God and being happy, and you can be made well. [[Mark 9:23](#)]

**L-43** Heavenly Father, I bless the woman in the Name of the Lord

Jesus. And may she go and receive that which she's asked for.

Let's say, "Praise be to God." [Congregation says, "Praise be to God!"--Ed.] Now, have faith. Believe with all your...

Oh, it's the woman. There's a deaf spirit on the woman. Bow your heads, everywhere, will you, till we can get an answer.

Almighty God, Creator of heaven and earth, Author of Everlasting Life, and Giver of every good gift. We do not desire of Thee, our heavenly Father, miracles. For it is said that a weak and adulterous generation seeketh after such. But we desire, Lord, relief for Thy children. And we believe that Thou art here. And the Scripture is written, that, "When the deaf spirit went out of a man, he could hear." And I pray Thee, Father, not for glory of self, but for the glory of God, that this deaf spirit come from the woman. Hear the prayer of Your servant, Father. [[Mark 9:25](#)]

**L-44** Now, Satan, you who deafened the woman, I charge the by the Lord Jesus Christ, that you leave her. Come out of her in Jesus Christ's Name. Let every head stay bowed a minute.

Can you hear me? Can you hear me now? Say, "Praise the Lord." Now, raise up your hands, praise the Lord. Hear me all right now? All right, now you raise your heads. Now, praise the Lord. Here's your healing. Your thing gone; you don't need them any more. Go off the platform, rejoicing. Let's say, "Praise the Lord." [Congregation says, "Praise the Lord!"--Ed.] That's right. The Lord Jesus being made merciful.

You believe? Just a moment. You been awfully sick, haven't you, lady?

You have a cancer, don't you, sir, setting right there on next to the end of the place. You believe? This woman does too. You believe that Jesus Christ will make you well? You believe it? You believe it too? Raise up your hand then.

Almighty God, Author of Life, we condemn this devil. In the Name of the Lord Jesus, may it go from them. Come out, Satan, in Jesus' Name. God bless you now, lady. The dark streak cease to be. Go on your road rejoicing and be happy. God bless you.

**L-45** Would you come, my brother. You believe? You believe that God
