## 55-0612 - Porter Stadium, Macon, GA (Paragraphs: 73 - 93)

L-74 Let's sing real slowly, just once, will you altogether, "Only Believe" now.

Only believe, only believe,

All things are possible, only believe;

Only believe, only believe,

All things are possible, only believe.

Now, in the Name of Jesus Christ, the Son of God, I take every spirit here under my control for the glory of God.

L-75 Now, this lady standing here, to me is a total stranger; I've never seen her in my life. Perhaps she's never seen me as I know of. We are strange to each other, but you just seen me since I've come here, just seen me from the audience. Well now, I want you, lady, as I speak to you, just knowing that it's... Our Lord...

Let's take this little story again; usually it works wonderful. Our Lord was going down to Jericho one day and He said He must need go up to Samaria. I wonder why. I think the Father told Him to go up there. He sent His disciples away, and He said to His disciples to go in the city and buy something to eat. So while they were gone away, a lady come out to the well to get some water. Jesus said, "Bring Me a drink." It's a man and a woman talking.

And she said, "The well is deep and you have nothing to draw with, and it's not customary for Jews to ask Samaritans any such things as that, any favors, because we don't have any association together."

And He said, "But if you knew Who you were talking to you'd ask Me for a drink." He went on carrying the conversation. Now, I think... Now, I couldn't prove it by the Scripture; but the way that He works now, and then, it must be that this is what He was doing; He was trying to contact her spirit. The Father told Him to go up there just like He told me to come to Macon. See? [[John 4:4, 7, 9-11](#)]

L-76 Well now, and here we are met. Well, then He had to contact her spirit to find out what the Father would say. So He talked to her a little while, directly, He found where her trouble was, and it was in a marriage condition. He said, "Go, get your husband."

She said, "I don't have any."

He said, "That's right; you got five."

Then she turned and said, "Well, I perceive that You're a prophet." She said, "Now, I know when the Messiah cometh... (which was Christ)," said, "He will do this." See, that's the sign of the Messiah. Said, "He will do this."

He said, "I'm He that speaks to you."

And upon that she run into the city and she said, "Come, see a Man that told me everything I ever done." Now, He didn't do that; she was just excited. See? He never told... But He could have done it if the Father would've showed Him, but He just only told her one thing: that was where her trouble was. And she believed Him to be the Messiah. [[John 4:16-19, 25-28](#)]

L-77 Now, if He's raised from the dead as we believe He has, the Scripture says He has, and the Scriptures cannot be broken... And He claimed that He'd be in every generation, declaring Himself to the end of the world, doing the same things that He did when He was here on earth. Then here we stand tonight, you and I, as man and woman again.

And you're a Christian, I see your spirit is welcome when you first walked up, that you're a Christian. And now, if the Holy Spirit of God will come here and tell me what you want, regardless of what it is, what you're here for, or something about you, well, you'll know whether it's the truth or not. Then if He knows what has been, and you know whether that's truth or not, then He surely knows what will be. Is that right? It surely would be. Then if He would let me know what it was... And now I've got a great long prayer line. I don't wish to talk too much to people, 'cause I want to get them all through and some more if I can. So if I can just find something, one thing, it'll be all right. Will the rest

of the audience accept Jesus as being resurrected if He will do this?

**L-78** All right just look this a way just a moment till the Spirit of the Lord begins to move between us. Yes, sir. Now, this lady here has been frightened about something. She's a... She's afraid of cancer. Her trouble is in the colon, down in the bowel. That's true. And you've been scared that it was going to be cancer, haven't you? That's right.

Now, just watch this way now. Just be reverent, watch me just a minute. I want to help you. The vision broke from you then. Now just stand... Don't, don't be nervous. He--He's not going to... He's not to hurt you, it's to help you. See?

Now, I forget just what it was He was saying. Now, just a minute, maybe He will do something else that... Here, I--I see you coming from somewhere. You--you're kindly stiff a little bit tonight. You--you had a fall. You had a fall that was this morning off of a step near a church house. Is that... That's right, isn't it? Now, don't fear about cancer. Go on, you're going to be well. Your faith makes you well; Jesus Christ healed you in the Name of the Lord Jesus. Let's say, "Praise be to God."

From death unto life... When the woman come up, there was a black spirit hanging over her. It's gone now (See?), if she'll just keep on the way she is, she'll get well. No matter what it is she'll get well.

**L-79** All right. Are... this... You the patient, lady? Come here. Now, have faith, believe. We're strangers to each other, I suppose. We don't know one another, just perfect strangers. Now, when the vision strikes, and He goes to talking, then don't you say nothing. You just listen to what He's saying. Then you know whether it's to be true or not. Are you believing? Just have faith.

Our Lord is wonderful; He never fails. Now, this lady here as I speak with her, she's... You're suffering with the veins, like varicose veins in your legs. Yes, ma'am. Then you also have arthritis. I see you can't hardly get up of a morning, and moving around is kindly hard for you at times. That is true. And now, that you might know that I am God's servant, you have a husband and he's blind. That's true, isn't it?

Our heavenly Father, may the blessings of God rest upon her, I pray, in Jesus' Name. Amen. God bless you, sister. Go, rejoicing now and thanking the Lord Jesus. Go right this way if you will to the man there. All right.

Have faith, don't doubt. Believe with all your heart and you shall have what you've asked for. Now, be reverent.

**L-80** Now, I guess the lady... We're strange to each other. The Lord Jesus knows both of us. I don't know you, and you perhaps don't know me. But you're here for some cause, and God knows about it. And you're facing an operation, because it's in your stomach, and it's a tumor in the stomach. That's what you was told. That's the truth isn't it? Uh-huh, that's right. And you have arthritis also. And you have eye troubles; your eyes are going getting dimmer all the time. What it is is a hardening of the nerve, dying in your eye. That's right. Do you believe Jesus is here to make you well? Come forward just a moment.

Now look, I want to ask you something. He Who's here, Who knows you (and you know I don't know you)... But there's some kind of anointing here; you're conscious of it, aren't you? See? You--you know there's something going on. That's Him. See? And if He's that close, then He's speaking through me, and I, your brother, then according to His Word if they lay hands on the sick they shall recover, won't they? Then this I do in the Name of Jesus Christ, that the life of this woman be spared and she'll be made well in Jesus' Name. Amen. God bless you, lady. Be just rejoicing.

[\[Mark 16:18\]](#)

**L-81** Come. Have faith. Are we strangers to each other, are we, lady? My, what a time. I just believe that this is going to be one of greatest nights you've ever seen in Macon. It's just such a wonderful solid mass of faith everywhere, just moving in one accord, can't hardly see the patients.

You've got something wrong with your back. I see a crash or something: a automobile accident, you've been in a automobile accident and it hurt your--your back and it hurt your--your knee, and it--and it--it hurt your hip. And then, you've got high blood pressure which is resulted from that accident. Go, rejoicing, happy, thanking and praising God and being made whole through...?...

See what the Holy Spirit done to that woman bound? I had nothing to do with it. Her faith did that. Amen. Just have faith, and you can receive what you ask for if you'll only believe. "If thou canst believe..." Don't condemn the lady. If you was free from a thing like that, you'd be hollering too. I know I would. Uh-uh-uhm. [\[Mark 9:23\]](#)

**L-82** You suffer with a gallbladder condition, don't you? Lady, right there on the end of the row has got a gallbladder condition too, don't you, lady, sitting right here? You have a gallbladder condition. That's right. She has too; them two spirits, a streak of darkness come in between you. Amen. How wonderful. Now, if your faith... You see, it's that spirit there calling to that one there for help. You see? But the Christians are praying, and that's backing up. See? See? The battle is on. The world knows nothing about it, but it's in another realm where you're--we're watching.

You believe with all your heart? By the way, you didn't come from this city did you? You come from Atlanta. Your name is Annie, Johnson's your name isn't it. Go on back and be well. You too, sister; Jesus Christ makes you...?...

What do you think about it, setting there, sister with the migraine headaches? There, you believe that Jesus will make you well? You do? Your mother's setting there too, isn't she? She has arthritis, doesn't she? Isn't that right? Now, listen. You belong to the Church of Christ where they don't believe in these--these miracles and things, but you go back and tell them that it's true. Lay your hand over on your mother and be made well. Amen.

In the Name of Jesus Christ I rebuke this spirit, and may it go and the person be well. Now, go tell God what great things He's done for you. Have faith.

**L-83** Come, lady. Do you believe? No, I wasn't reading her mind either. Uh-huh, don't... You quick thinking that. I wasn't. Remember, I get what you're thinking about.

We're strangers to one another. I don't know you. God does know you. He can reveal to me what's your trouble. I couldn't heal you, but He'd do that through grace. After preaching the Word, you should believe it. But God's not willing that any should perish or be sick. God wants us to prosper in health, doesn't He? He wants you to be well. If He will tell me what's wrong with you, will you believe that He's here, it's Him instead of me? You will? You got a stomach trouble. That's right, isn't it? You can't eat greasy foods and things. You back away from the table. You got a husband too that's got diabetes. That's right. You don't come from this country. You come from South Carolina. You're in a party of six (Is that right?), three men, three women. Return back rejoicing and be well in the Name of the Lord Jesus Christ.

Does thou believe? All things are possible if thou can only believe. Have faith. [\[II Peter 3:9\]](#), [\[Mark 9:23\]](#)

**L-84** We're strangers to each other, lady. Oh, my, how wonderful. Little lady, setting right back out there, you got trouble in your back, haven't you, setting right on the end of the seat there? You got a back trouble, haven't you? You're wearing a brace right now on your back beneath your clothes. Isn't that right? When you go home take it off; your faith healed you; Jesus Christ made you well. Oh, He's wonderful. Just believe; you can receive.

You suffer with a head trouble, don't you, lady? And I see something about somebody. You've got a relative; it's a granddaughter, and she's got bursted veins in her head, and she's bleeding right now. Go home, Jesus Christ makes you well. Your faith heals you. Amen.

Let's say, "Praise the Lord." And you was healed when you come up there just then. Jesus Christ makes you whole. Just go right on your road happy and rejoicing.

**L-85** Come, lady. You believe with all of your heart? I--I am not... Come up here, lady, so that somebody here will know that I'm not reading your mind. Lay your hand over on me this way just for a contact. I've never looked at you no more than I see you're a woman walking across the platform. I've never seen you. Not looking at your mind, don't even think about what's wrong with you. But do you believe me to be God's servant? You do? If God will reveal to me (as I look this way, not real looking at you, looking this way) what's wrong with you, will you raise your other hand if it's the truth? You have a tumor.

See, I'm not reading her mind. It's gone from you now, lady. Just go on your road rejoicing and be healed. All right.

Come...?... God bless you, sister. In the Name of the Lord Jesus may you be healed for God's glory. Go on your road rejoicing, saying, "Thank you, Lord." All right.

Come, lady. You want to get over that stomach trouble. Go, eat your supper then and say, "Thank you, Lord," and be healed. God bless you...?... Let's say, "Praise be to God." That's right.

**L-86** Look. There's a cross on top of a mountain one time, where the precious Blood of God's Son come out of there; a transfusion by faith from that tonight would take all the diabetes away and make you well. Do you believe that? You

accept it? Then may you receive it in the Name of Jesus Christ. Amen. God bless you. Go.

Would you come, lady? Do you believe me to be His servant? You have a lady's trouble, female trouble, bothers you bad, abscessed; but Jesus Christ can make you well. Do you believe it? Then I ask for your healing. In the Name of Jesus Christ may you receive it, amen. Let's say, "Thanks be to God." Amen.

All right, come, lady. Have faith. Do you all believe? God be praised.

Now, the lady standing here... Is this the patient? All right. Now, lady, I suppose we're strangers to each other, are we? We don't know one another. You've seen me one time. Well, I don't know you is what... No way for me to know you. But God knows you; He knows what you're here for. If God will reveal to me what you're here for, will you accept your healing?

**L-87** The old gentleman setting there with the white hair, beard, sir, you have a rupture, don't you? You believe God will make you well? God bless you. Have faith.

I see a pull coming from him there from a... There's a man sitting behind him there with that little blue bow tie on. He also has a rupture. You believe? Yes, sir. You want to be made well? All right. You got habit you want to quit too, don't you? Yes, sir. Quit your smoking cigarettes then. Go on and serve the Lord; that'll be all of it. Amen.

Praise be to the living God, Jehovah-jireh, Jehovah-rapha, the Great I AM, not the I was, I AM, the Everlasting, He that was dead and is alive again, the Root and Offspring of David, the Morning Star, the Rose of Sharon, the Lily of the Valley, the all lovely One, the all sufficient One, the all purpose One, the all powerful One. His blessings be raised forever and forever. Amen. [\[Revelation 22:16\]](#), [\[Song of Solomon 2:1\]](#)

**L-88** Excuse me. Look, you're the patient. I'm... I don't know. Sister, I... I--I don't know you. God knows you. But now, you standing there with your hand up and your eyes closed, but the Lord Jesus knows all about you. He... I... If I could heal you, I would, but I can't. I can't do it. But you're suffering with a female trouble; it's a lady's trouble. That's right. And you're also interested in another person. It's a little boy, kinda brown kinky hair, wearing glasses. And he's got a kidney trouble. And I see somebody standing by you. It's a brown... Oh, this is your wife, sir. Well, God bless you. Go on your road rejoicing in the Name of the Lord Jesus Christ. Hallelujah. Thanks be to God.

**L-89** You see the man's got a trumpet in his ear; let's bow our heads just a minute. I don't know; it's a deaf spirit on him. There may be other things; that I can't say. Let's bow our heads and no one look up 'till I--you hear my voice saying, "Look up," now, because this has to be driven out. So keep your heads bowed. And just wait here. Do you believe with all your heart?

Our heavenly Father, in the Name of the Lord Jesus bless this man who I bless in Thy Name, and may this evil spirit that's trying to take his life, 'cause him to walk before vehicles somewhere and be killed--take another life before his time comes, prematurely... Satan, we adjure thee by the Living God, the Lord Jesus, leave the man.

How long have you been that way. [The man answers, "Since I was in the service."--Ed.] Is that right? Can you hear me all right now? Can you hear me now? You're perfectly normal. Can you hear me now? You can hear me? Can you hear me now? I'm just whispering, just barely whispering. You love Him with all your heart. All right, you can raise your head. Look here, here's his trumpet. You hear me all right? Say, "Praise the Lord." There you are. Go on your way rejoicing and say, "Thanks be to God."

**L-90** All right. Come, lady. You want to get over that tumor? You believe God will heal you? Raise up your hand and say, "I accept Him with all my heart." In the Name of Jesus Christ I rebuke this devil that would take the woman's life. Come out of her in Jesus' Name, Amen.

Let's say, "Thanks be to God."

What if I told you that was healed setting there in a chair? Would you believe me? Well then, just go on to your road, happy and rejoicing and say, "Thanks be to God."

Heart trouble kills more people than anything else, but Jesus saves. Do you believe that? You accept it for your heart now? Amen. Then in the Name of Jesus Christ may you be made well. Amen.

All right, would you come, lady? Do you believe, lady, with--with all your heart, with all your mind? Believe that Jesus Christ makes you well right now? He does. I lay hands upon you in the Name of Jesus Christ the Son of God, and

ask that you be made well. Amen.

**L-91** Sir, setting there with the prostate trouble, do you believe Jesus heals you and makes you well? You do? God bless you. Is your name Mr. French? Isn't it? You... Yes, sir. Is that right? B. French, is that right? Raise up to your feet. I heard your name called by an Angel of God. Your faith has healed you, sir. Go on your road rejoicing. Amen.

Diabetes, God just heal that like anything else, couldn't He? In the Name of Jesus Christ I ask for your healing. Amen. Go, happy and rejoicing.

The little lady that just left here just a few minutes ago before this lady, when you were standing in the prayer line, lady, you had a real odd feeling come over you when you first started the prayer line, isn't that right? This lady had the same thing, didn't you, lady, because you both had kidney trouble. You see? You was healed, and you were healed 'fore you even come up here, so you just go on your road rejoicing, saying...?... Amen...?...

**L-92** Believe on the Lord Jesus. 'Course, sir, I have... Wearing glasses, we know there'd be something wrong with your eyes. Maybe there's something else. You have arthritis. That's right. You get real stiff at times, don't you? And then, when you're trying to move, sometimes you move your foot sideways when you're setting down like that to step off of something. You won't have to do that no more. Your faith healed you. Go, in the Name of the Lord Jesus and be made well. Amen.

Have faith. My, my, Christian friend, if you only knew, the Holy Spirit, just seems like, just settled over the building, over the place.

You believe, lady? Would you do what I told you to? Now, being that you're standing here, all your life you've been nervous. You're not a nervous person that shakes, but you're a nervous person by thinking. You're always preplanning things, going ahead planning things ahead. Usually never happens that way. We call it crossing bridges before you get to them. In doing that, you formed a stomach trouble. That's right. It's a ulcer in your stomach. It's nervousness. Now, you quit being nervous. There's no need of being nervous; Jesus is with you. Now, go on your road, rejoicing, thanking God and praising Him, and you'll get completely well in the Name of Jesus Christ. Amen.

Have faith. You believing?

**L-93** How do you do, sir. We are strangers to each other, I suppose. We are... Never met one another and here are standing, one a white man, one a colored man: two different nations. But God knows that there's no middle wall between us and Christ. You are suffering with something wrong in you knees. That's right. You're not from here. You come from another city called Ford Valley, something like that, Ford Valley, Georgia. And you're a preacher, F. H. Henderson. Go on your road rejoicing, Mr. Henderson; Jesus Christ makes you whole.

Is this...? Huh? Is this weak? Have faith.

What about you down here in a wheelchairs? I notice my boy patting my side; I know there's something happening, but just look once more. Be faithful; have faith.

### **55-0620 - Unknown, Zurich, Switzerland (Paragraphs: 26 - 34)**

**L-27** We are strangers to each other. If that's so, raise hands. I never seen you. Look on me and believe. If God will tell me what you're here for, will you believe on the Lord Jesus and believe it comes from Him to help you? You do not live in this country. You come from Germany...?... You got to go back tonight. You suffer with heart and you... I see you try to get out of bed and you're stiff. It's rheumatism that's bothering you...?... You accept my word as God's prophet? Raise up your hand. Raise your feet up-and-down. Your rheumatism has gone from you. You're well. Your faith has healed you. Go back to your home, rejoicing, and tell the...?... that God has done for you. Bless thee.

Have faith. Be reverent. Just a moment, please. The Holy Spirit has left me and gone to the audience.

**L-28** There's a lady looking at me. She has on a large hat. There's that Light hanging just above her. She is praying that God will heal her. And she has heart trouble, and she has arthritis. The lady sitting there praying, looking at me, if that's the truth, stand up. You are healed. Your faith made you whole.

Lay your hand on that man setting next to you, next to you there, over next to you here. Sir, just a few moments ago there was a strange feeling come over you when it was on the woman. Isn't that right? Raise up your hand. You've been

suffering with back trouble. Isn't that right? Raise your hand up and wave your hand. That's... Yeah. You are healed. Your faith makes you whole. Go now and be well.

Let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] Oh, how wonderful. Look this way and believe. You--you don't have to be up here. Christ is here. That's the same faith that those people had like the woman touched His garment. Look this way and believe, in the Name of the Lord Jesus. There's nothing too great for our Lord. He will heal all of you. Believe.

**L-29** Now, may I talk to the woman. We are strange to each other. You believe with all your heart? If you do, raise your hand. To the audience, this woman's strange to me. If God will reveal what that woman's here for, let it be whatever it may... If God will let me know what is her trouble, will you accept it and believe that Jesus Christ raised from the dead and doing the same thing He did when He was here on earth? If you will, say...?... What He will do for this woman, is what He will do for all of you. It is nothing strange. It's a Divine gift.

He tells me in the room just what's taking place in the parts of the world. I am forty years old, past, and He has never one time told me anything but what was perfectly true. You might write to my city or anywhere that I have been. It is God and not your brother.

**L-30** All you along here in these stretchers now, look this way. Believe with all your heart and say to God, "God, if that be You, I do believe it is, then let that man turn and call me. And what he tells me, I'll believe You." Just have faith now.

The lady seems to move away from me. It's a vision, it... Now, she is... I see her in some kind of a place. It looks like it's in a... There's men around her with... It's doctors, and--and they have been... She's... s hospital and got a stomach... In the stomach and it is cancer. And He says that the doctor has sent you home. And he's saying that you cannot live, and you're going to die with cancer. You have only been out of the hospital six weeks. That is true. Raise a hand.

**L-31** Now, that wasn't my voice talking. Now, it's my voice. But what He said was true, is it? And if He knows what was, He knows what will be. You believe?

O God, Author of Life, the Giver of every good gift...?... on this woman, as I condemn this power of death of cancer that's binding her...?... In the Name of Jesus Christ...?... come from the woman...?... and heal her. Go rejoicing. God makes you well.

Do you believe? Have faith. You'll see great things.

Now, the lady. No, I am not reading her mind. Quit thinking that. Stop thinking that. (Take my...?... off.) See? Lady, come forward to me. Put your hand over on mine. I have not looked at you in the face. But if our blessed heavenly Father will show me here what your trouble is, will you accept your healing? If you will, raise your hand. I see the lady moving from a table. It is in her stomach: stomach trouble. That is right. The woman is a nervous woman. She has peptic ulcer in the bottom of the stomach which is making her belch up her food and become sour in her mouth. She's very nervous. She keeps dropping things and doing like that. Is that true? Wave your hand if it is. Now, go home and eat your supper. Jesus Christ has healed you.

**L-32** Let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

Do you believe, as you come? Do you believe God will heal your heart trouble? You believe? Go on your road. Your faith has made you--made you whole.

Have faith and come, lady. Be reverent. No one, please, please...?... They'll take me from the platform. Be reverent. Do you believe God will heal that tumor you got? Raise your hand and accept Him...?... take them, brothers, to come... I'm getting weak.

Do you believe God will heal you of the kidney trouble in your back? Then go, rejoicing. God bless you.

Do you believe that God will heal you of the heart trouble? Go, rejoicing. Believe with all your heart. Amen.

**L-33** You believe, out in the audience? Look this a way, please. What is that lady going there with the white hat on? As you're standing I see the Angel of the Lord above the woman. Step back, mister, out of the way. The Holy Spirit's speaking. Just a moment. Tell her to wait. It's on the other woman, the woman with the baby in her arms. Yes. Do you believe me to be God's prophet? If you do raise up your hand. Your baby is suffering with a brain condition. Is that

right? Raise your hand. Raise your hand if it's right. Lay your hand on your baby and believe, and it'll get well. If you can only believe... You believe?

L-34 What do you think, the lady laying here on this stretcher. Do you believe me to be God's prophet? He's the...?... comes before faith. Yes. You've been laying there praying. And you asked God to let me speak to you. Is that right? And raise your hand. If God will tell me what's your trouble will you obey me as His prophet? It's a collapsed lung.

[Blank.spot.on.tape--Ed.] Right. Do you believe me to be His prophet? Then in the Name of Jesus Christ, the Son of God, take up your bed and go home. Come up.

Do the rest of you believe? Every man stand up. O God, send Thy blessings upon this people and heal everyone, and may they rise from places and be made well through Jesus Thy holy Son...

### **55-0621 - Unknown, Zurich, Switzerland (Paragraphs: 25 - 40)**

L-26 It is very hard, this part of the service through an interpreter. I cannot wait for him to interpret. It is anointing. I don't even know where I'll be to see visions. Please be real reverent, and do not leave your seats, and look this a way. They won't let me stay too long. But believe with all your heart.

Now, here stands a man before me. I have never seen him in my life. We are strangers one to another. If that is right, sir, raise up your hand. Now, if Jesus Christ, Who is present now... And the man himself knows that there's something going on. He knows that he's in the Presence of something besides his brother. If that is so, raise up your hand, sir.

I wish the audience could be standing in this Presence. That--that Light that they speak of is now settling between me and the man. It's the same Pillar of Fire that led the children of Israel.

Now, if God will reveal this man... Now, if the man was standing here before Jesus, and He was wearing this suit that He gave me, and you would say, "Jesus, I want You to heal me."

Jesus would say to you, "I did that when I died." He'd say, "Do you believe this? All of salvation for healing and salvation was done at Calvary."

L-27 The reason I'm talking to you, is the same reason that Jesus talked to the woman at the well until He found her trouble. Then He told her her trouble, and it was--depends on what he thought about it, whether he'd--he'd get over it or not.

Will this audience, if God will reveal what that man is here for, will you believe right then with all your heart that I told you the truth about Jesus Christ? If you do, raise your hand. Will you along here?

This is one of your brethren, and I know him not. But now, the man is beginning to move from me. (Watch yourself now,...?...?) The man is moving from me, and he's got a--a trouble, and that is in his side. It's a cancer. It's a death, killer. And he's been to examination. And the examinations showed that the cancer has gone from his side, also into the liver, and he is in a dying condition. That is true. It's cancer. Now, you believe that God... That is true. If that is, raise your hand. Do you believe now?

L-28 Now, there's nothing could be hid from Him. Whatever that Voice was, speaking just a few moments ago, it wasn't your brother. It was Jesus Christ using my voice. Now, it depends on the man's approach to that, what he thinks about it, will determine what he receives from it.

If there is a power here that knows you, knows your condition (And you know that's true.), if you believe that to be Jesus Christ? Then if He is still present, these signs shall follow them that believe. If they lay their hands on the sick, they shall get well. You believe that? Come forward.

Oh, great God of Heaven, may Thy mercy rest upon this man, may his body...?... this cancer...?... Amen.

Now, there is a different feeling. It's gone. That's right. The cancer is dead. Go, God be with you.

Have faith in God.

What is cancer? What is tumor? It's a life. It's not your life. It's a life of the devil, taking your life. [\[Mark 16:18\]](#)

L-29 Now, the lady who stands before me is a stranger. We cannot speak each other's language. I've never seen you. And I only say these words by the Holy Spirit, is come between us. I know what is going on. If that is true, raise your hand. Do you believe me to be God's prophet? Do you believe that--that feeling that you have now is of God, that

you're standing in His Presence? Then look on me.

I see a great building, and it's a hospital. A woman, gray hair, has been operated on the breasts, and the cancer of the breasts. Your doctor's in the room, had things over their face, then you were sent from the hospital, and now, you go back to another doctor, and they found...?... another cancer on the other breast...?... And Your beloved servants, the doctors, has did all they could do, but they have failed. The devil has hid from them. Oh, help just now, dear God, for it is written in Thy Word, "In My Name they shall cast out devils."

And old Satan, who is called cancer, you might have hid from the doctor and from his knife, but you can't hide from God. Come out of the woman in the Name of Jesus Christ. Amen.

Go, rejoicing. Report to us, the end of the week your conditions, how they come on.

You are... you're going to... Remember, if He knows what was in your life. He knows what will be. You're going to feel real different, real good. In three days, seventy-two hours, you'll get real sick then, real sick, but don't be weary. Keep testifying of your healing. God will be with you. [[Matthew 10:8](#)]

**L-30** The Lord be praised. And the people said, "Praise the Lord." God is a--loves to be worshipped.

The lady is a stranger. That is right. I know nothing of you. More I would talk to her, the more the Lord Jesus would reveal. But for the sake of those who are standing in the line, if God will tell me what you're here for, will you believe Him as Your Healer? Then be reverent, while I go to meet Him for you.

You have examination by doctor. They're wanting to operate on you. And it's... You have a trouble in the stomach and in the liver. You have gallbladder trouble. And the doctor wants to operate, and you are--don't want to go under the operation. And that is why you are here. And you have--you have prayed that you would get an opportunity to come to this... You were in a room, and you prayed for this, and when you was called you acted real happy. That is true. Your faith has saved you. In the Name of the Lord Jesus Christ...?... God be praised.

**L-31** Do you believe? Please do not get up. You're disturbing. Do not get up. It's very irreverent.

You believe the Lord Jesus will make you well? You suffer with something in your side. It's a growth. It's in your left side. You're afraid it's cancer. And you come for me to pray for you, that it would leave you and go away. That is true.

Oh, Lord God, Creator of heavens and earth, send Thy blessings upon this woman, in Jesus' Name. Amen.

Go, and God's peace upon you.

Do you believe with all your heart? If Jesus Christ is living tonight...?... could not heal you. I'm just a man. And you may not even be here for healing. You might be here for something else. I have no way of knowing. But Jesus, Who is true, will know, and it'll be perfectly right. Then if that be so, then just believe.

You have heart trouble, and you are to have an operation. And that's to be for gallstones. You want to be over it? Accept Jesus. And I'll lay hand upon her...?... Amen. God bless you.

**L-32** You believe Him? Say, "Amen." [Congregation says, "Amen."--Ed.]

What about you along here? Are you believing with all your heart? Do you know what? I'm sure this is mysterious to you. You--you don't get it. I--I'm not calling you down, but you've never been taught the supernatural. You don't understand it. That same Light anointing on me, has swayed over that audience two or three times since I been standing here, and you won't move to it. You should right now, every one of you, be on your feet healed. He is here. You just have to accept it.

**L-33** Now, look at this woman standing here. Do you want to well, lady? If God will let me know what's wrong with you, will you accept your healing? You got stomach trouble. That's right. Then go eat, if thou believest on the Lord Jesus. Amen. God bless you. All right.

The lady setting right there looking at me, elderly lady. Look's like everyone could see that now. There's a Light hanging over this gray-headed lady setting there. She suffers from arthritis. Raise up, lady. The elderly lady setting here, if thou canst believe... The lady got your blessing just behind you. I pray the Saviour... made whole.

See? You miss it. You forget, friends. I want you to get this, 'cause you grieve the Spirit of God. Look this a way, and be alert. Forget your traditions. The Lord Jesus is here. Can't you recognize that? You'll be spiritually dead. I'm not speaking harsh to you, but I'm trying to get that spirit of unbelief away from you.

L-34 You want to get over that asthmatic condition? Raise up your hand. Now, go off rejoicing, thanking God, praising Him. Go. Amen.

Oh, what's the matter with this church? Now, people, if this is in Africa, if this would be in America, if this would be in Sweden, these people would be raising out of wheelchairs and everything walking away from here. You haven't been taught right by your pastors. You don't realize that this is the Presence of Jehovah God.

Do you want to get over that stomach trouble? Raise up your hand. You believe Jesus, accept your healing? Go home and eat. Amen. God bless you.

Do you believe? You want to get over heart trouble? Then go on the road rejoicing, and the Lord bless you. Amen.

Let's say, "Thanks to God." Watch.

Lady, you have a spirit of blackness around you. It's the spirit of death. You have cancer. You want to be well? Raise your hand and accept Jesus.

In the Name of Jesus Christ, I rebuke that demon called cancer. Leave the woman. Come out of her.

Go, rejoicing, giving God praise. Amen.

L-35 Do you believe? Lady setting there with that little boy, do you believe me to be God's prophet? That little boy suffers with epilepsy. That is right. Raise up your hand. Now, you see, God is true, and in the Name of Jesus Christ may it leave the boy. Go, believing. Let us say, "Amen." [Congregation says, "Amen."--Ed.]

Do you wish to be over the stomach trouble, and lady's trouble too? Go home and eat. Jesus makes you well. God bless you. God bless you.

Does thou believe that you're in the Presence of Almighty God?...?... me to be His servant? You have a nervous trouble. Makes your heart beat when you lay down. That's right. It get worse. It's--it's not heart trouble; it's nervous heart. Go on your road rejoicing; accept Jesus and be well. In Jesus' Name. That's right. God bless you.

Have faith. Just a minute. There is a deaf spirit near. Here it is on the man right here. Everybody bow your head, and do not raise your head till you hear me speak. For he can... It's a deaf spirit, and we have to get it to leave him. So if you don't want to go deaf, don't you raise your head or look this way till you hear my voice.

L-36 Great God, Jehovah, I am here, a stranger, Lord. But Thou art God, Thou can do all things. Now, I come to Thee reverently, and I pray that You'll make this deaf spirit leave this man. The devil has did this, so he'd step before a vehicle and be killed before his time; but Thou art here to receive...?... O great God, hear my prayer, and make this evil leave him. And Your humble servant, I come to you.

Now, thou death spirit, I adjure thee by the Name of the Lord Jesus Christ, to come out of him. (Tell them to keep their head bowed.) Sir, can you hear me now?...?... All right.

Raise your heads. Listen to this. (Sir, you're healed.) Raise your heads. The man is healed. (Sir. Listen how low. Sir.)

Give God praise. You are healed. Go on your road, rejoicing.

Is this the woman? See? May Thy spirit come this woman, and make...?... to be whole. In Jesus' Name I ask it. Amen. God bless you. Go, and may Jesus Christ make thee...?...

Praise the Lord. All power be given unto Him.

L-37 Just a moment. Here is a... This woman deaf too. Bow your heads. [Blank.spot.on.tape--Ed.]

Dear God, upon this woman I pronounce blessing. Let Thy Mercy come to her. And I pray that You'll make her well. This I ask in Jesus' Name. Grant it. Amen.

The lady in her eyes, is going bad. Come out. Do you see all right? Do you see my hand? See my fingers? Do I... Can you count my fingers? Can you see my hand? See my hand over here? Now, put your hands on--your finger on my nose. You are healed. You are restored.

You had hardening of the eyeballs, and they were going blind. Just like a string around my hand, make my hand go dead. Just like a deaf spirit. You can't understand. Doctor can't understand why the nerves just went dead. The only thing he can work on is what he can see or feel. He knows the nerve is there, but he don't know why it died.

The Bible said it's a spirit, a deaf spirit, a blind spirit, and it cuts off circulation. And when the string is released, it starts getting better, 'cause the spirit is gone from it. Now, you can see better. Isn't that right? Raise up your hand. If

you hear me good, raise up your hand. Go on you road, rejoicing, be made well.

**L-38** Do you believe? Do you want to be healed? You have heart trouble. You want Jesus to make you well? Just go, and Jesus make you well. You have faith? Do you believe?

How about out in the audience? Do you believe out there? Look this a way. Look this a way. Believe. It looks to me, that you can see that. Can't you see that Light circling right here? It's hanging over this little boy here about sixteen years old. It's setting right on the end; he's having headaches. Right there. That is right, young man. Yes. You believe? If you do, stand to your feet. Raise up. Your faith has healed you. God bless you Amen.

**L-39** Look this a way. Believe. I see a lady; the Light's hanging right over her, the same Jehovah God that led the children of Israel. She is suffering with a growth in her stomach. She has been to hospitals, and they have turned her down. They can't operate on her, because she has high blood pressure. Do you believe, lady? And will you accept it with all your heart? Then give God praise and glory. That's it, lady. Stand up to your feet. Jesus Christ maketh you whole.

It is all over these people here. Do you believe? Here is the time that every one of you could be healed. Do you believe me to be God's prophet? Do you believe I've told the truth? Do you believe that God is here? Then do what I tell you. While the Spirit of God's here, lay your hands on one another. Put your hands on one another. Lay your hands on one another. Be ready; this is the time you're going to see great things.

**L-40** Almighty God, in the Name of Jesus the devil is exposed. And Jesus Christ lives and reigns, and You have the victory here in this prayer line. And as Your servant, I condemn and rebuke ever devil.

Thou devil of doubt, come out of these people. I adjure thee in the Name of Jesus, come out of them.

Every one of you raise to your feet. Stand up, everywhere. Jesus Christ makes you well.
