L-64 Now, everyone be just as reverent. I believe here's a handkerchief maybe to be prayed over. It goes to a lady. And here's another one. Maybe the same thing. And I pray over these, and that's just an individual letter to me.

Our heavenly Father, bless these handkerchief for their intended purpose. In Jesus' Name, I ask it. Amen.

Now, now sister, you just stay right... That's all right, you can tell her to stay right there. Distance has nothing to do with it. The only reason I get here, is because that I am... I am trying to single you out from all the massive people in order to contact you.

Jesus even sent His disciples away when He had to contact that woman. See? You ever read the story? Wonder if you ever thought that if you could stand where that woman stood. Wouldn't that be wonderful? You always thought you--it--it would be wonderful.

If you only knew, my dear sister, you're standing at the same place. That's right. You're aware, as a believer now, that something's going on. Just since I turned around this way and started talking, a real, sweet, humble feeling has come over you. Is that right? If it is, raise your hand up to the people. That's right. 'Cause between you and I, you probably never

**L-88** Does thou believe? Sir, you're going to lay in that cot and you'll die laying there. If you'll believe you could get up. That it. Get up in the Name of Jesus Christ, rise up, take your ambulance chair, go home, Christ makes you well. Hallelujah. Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

Do you believe? Then every one of you stand to your feet and accept Jesus as your Healer.

Heavenly Father, in the Name of Jesus Christ, may every person here be healed, Lord God, and make them every one well. I commend them to Thee in the Name of the Lord Jesus Christ, I pray that You'll heal...?...

seen the picture of it, that Light is just a milling between you and I.

**L-65** Now soon, if God will, it'll be... Maybe you're in just the three dimensions. This is another dimension. It's moving in on me. But it's a spirit. You see? It's in another world.

People, they're not gone, they're-they're near us; Angels and everything else. "The Angels of God are encamped about those who fear Him."

You remember Elijah down at Dothan that morning, when the boy said, "Oh, the armies of the Syrians are upon us."

He said, "There's more with us than there is with them." He couldn't see nobody. He said, "God, open this young man's eyes."

And when He opened his eyes, around that old prophet was--was Angels of fire and chariots of fire. The there was just... Then there's more with us than there is with them.

And that's the dimension now, by being born. Maybe you never will see, see such. But you believe it anyhow. How much greater is their reward who has never seen and yet believe. But some of us were born for that. God places that in the Church, from baby birth. Prophets are not just put in by man; it's a gift born. All through the Scripture, born from childhood... [\[Psalms 34:7\]](#), [\[II Kings 6:16-17\]](#)

**L-66** And now, a lady who stands before me... And I... If the audience can still hear me, the Angel of the Lord is settling. And I know that I'm being heard somewhere. But she's suffering with what she thinks is a broken rib. It's in her side. She's got a lump in her side or a knot of some sort. And it was caused by a fan hitting... something that hit her. And it's caused this to happen. Is that right?

Now, I don't know what I said. But it wasn't me saying it. That was something else saying it. But was it true, ever what it was? If it was, raise up your hand.

Now, you know that something's here beyond man. Is that right? Well, you know whether that was true or not. You're a

witness of that. And if it's true that... She's raised her hand to the audience that it's true. And the woman standing here with the Bible laying before us, you know she wouldn't say something wrong, and a Christian woman, too, besides that. That's true.

Then what's here? Jesus of Nazareth, risen from the dead. It's His Spirit moving.

Now, come here, sister. Whatever it was, if... Jesus said these words. When... The last thing He said when He left earth, "These signs shall follow them that believe (Mark 16): If they lay their hands on the sick, they shall recover." [\[Mark 16:17-18\]](#)

**L-67** Now, I have to be a believer for something to take place just like taken place, 'cause it's God proving to you that I am a believer. Is that right? And you are a believer, or I'd never been able to do it. It was your faith that did it.

Now, us so close to God, what happens then if I lay hands on the sick, what happens? It shall recover.

Now, our heavenly Father, in obedience to the commandments of our dear Lord Jesus, I lay hands upon my sister and ask that His Words be fulfilled. And whatever is wrong with this woman, may she be well, in Jesus Christ's Name. Amen.

God bless you, sister. Go, happy and rejoicing. Now look, just forget about it. If it was sickness, something wrong with you, or it's something somebody else wants, whatever it was, just forget it, all about it. It's all over. Just go, praising God for it. See? It'll be all right. Amen.

Oh, He's wonderful. I know you think I'm beside myself, but I'm not. No, no, I'm very conscious.

**L-68** All right. Just have faith. All right. Is... Let the lady come on out here. Come right ahead, sister.

Now, I suppose you and I are strangers too to each other, are we? You and I together. We're years apart in age, and we are... But we--we got the same Lord Jesus, haven't we, sister? Now, I don't know you, never seen you. But Jesus knows all

believe; have faith. He said, "If thou canst believe..."

**L-86** Do you believe with all your heart? It's a weakening me, but a vision keeps moving around you. You're not from this city. You're from a place called... Looks to me like that little sign out there says Moore Park, Moore Park, California. That's right. And they call you... your... like Ethel, and Stevens. I see you getting your mail from a post box, 234 is your number. That's right. Now, run on back home, be well in Jesus Christ's Name. Have faith, don't doubt.

Now, go out there to the end of the platform and say, "I ain't got no more arthritis; I'm well; I'm going home, be well." Go do that. Jesus make you well then. God bless you.

Would you come, sister? That could be an abscess; I wouldn't say for sure; I don't know. You have a drainage from it, a female condition, ladies condition. Do you believe Jesus' going to make you well? All right then, the abscess will dry up and you'll be a well woman, if you'll believe. Just go, having faith, believe Him with all your heart.

**L-87** You're nervous and upset. I see you trying to move to a chair. No, you're trying to get up from a chair... Oh, it's arthritis, got arthritis too. Go, thanking Him, saying, "Thank You, Lord; I ain't going to claim... That old arthritis is gone. I'm going to believe with all my heart." Have faith; believe.

Lady, an operation waiting for you for a tumor. But do you believe Jesus will make you well? If you do, let me lay hands on you while... In Jesus Christ's Name, may my sister be healed. Thanks be to God.

Come, lady. You were standing in the prayer line awhile ago a real strange feeling hit you when I said to someone back in here, "You have kidney trouble." See? You were healed at the same time. Now, that's right, isn't it? All right. Just go believing with all your heart.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord.--Ed.]

Spirit. Now, you believe that with all your heart? You're here for someone else, aren't you? Yes, sir.

**L-84** I see some sorrow. I think it was a loved one or a parent just passed away recently. Both of your parents are dead, both father and mother. That's right. But you got sorrow... It's another man, and that man is crippled, or he walks with crutches. It's a brother. And that brother is not here; he's in a country where it's cold, lot of hardwood. It's... He's from Indiana. That's where he's from. Send him the handkerchief. And here's another thing you're bothered about. You're worried about his conditions, his spiritual condition, 'cause I noticed you've been talking to him about his baptism; he should be baptized. Now, you go. He will be baptized, just tell him to believe with all his heart.

Blessed be the Lord, the Jehovah-jireh, the Lord will provide. Is this the lady coming? Have faith. Does thou believe with all your heart?

What are you thinking, sir? You believing with all your heart, laying on the stretcher? Believe.

**L-85** There's a spirit coming from the woman, calling in the audience, and I can't tell where it's at, and... See? Demons sympathize with one another, and they call, help. If they can only reinforce it enough to get this woman to disbelieve, she'll walk off with her same condition. There's something wrong with her, but she--she... If they get her to disbelieve... But if the Angel of the Lord can get a hold of her enough to get the vision started, then she'll go away believing and receive. But he's calling.

Yes, right there. Got bronchial trouble for one thing, got bronchial trouble, haven't you? Yes, sir. Setting there with the little, checkered, black sweater on. Uh-huh, yeah, that's you. You're both bothered with bronchial trouble. That's right. He's going to lose the battle. It lightens up. You have a rectal trouble too, hemorrhoids, that you're bothered with. That's right, isn't it? Amen. Just believe; don't doubt; just

about you.

And you've read in the Bible, where back in the Old Testament, the prophets did that. And God promised the same thing. And the greatest of all the prophets, and all the king, and lord, and master of them, was Jesus. When He was here on earth, He just did His, like the same thing; only greater. Then He went away and said, "The very same things that I do shall you, to the end of the world." So it's just Jesus in His Church, isn't it? If it isn't...

Now I don't know... And I couldn't heal you, if you're sick. I don't know. But if you are sick, I couldn't heal you. Jesus would have to heal you, wouldn't He? And... But He will if you'll believe it. Now, He just... Through knowing...

Now, what if He was standing here with this suit on that He had Brother Gardener to give me? Now, what if... If He was standing here wearing this suit, now He couldn't say, "Now, come here, I'll heal you." No, He wouldn't do that. If He would, He'd have to go back on His Word. He'd say, "Child of Mine, don't you believe I did that when I died at Calvary I purchased your healing?"

You'd say, "Yes, Lord."

Then he'd say, "According to your faith then, be it unto you." Is that right? [\[John 14:12\]](#), [\[Matthew 28:20\]](#)

**L-69** Or, what if the Father would happen to show Him, and tell him... He might tell you what was wrong with you or something or another like that, couldn't He? He might be able to do that. But that's all He could do. Now, He... That's the same thing He is tonight, just working through a human beings.

Now, you believe with all your heart and surely He will heal you. I believe He will. Don't you, mother? Don't you believe He will heal you? Certainly He will.

May God help me to do something to raise your faith up. I see one thing, the woman... If the audience is still listening at me. There's a shadow around the woman. She's very very sick.

She's got trouble in her kidney. That is right. And that's a cancer in the kidney. And she also has arthritis, because I see her, she can hardly move at times.

The vision seems to be dimming. Those things are true though, aren't they? They're true.

**L-70** Do you believe now? The woman is the judge. The vision seemed to be kindly dim. Just a moment. Let me speak to her again just for the contact of your soul, sister.

Now, you look at me just a moment. Seemed like there's something He wants... I see you some way; you're trying to move or looking, or... No, it's about your arm. On a... On one of your arms... Under your arm you have a place. It's the left arm. Jesus can heal that too. You believe that? It's a growth, which is a tumor, and it's right under your left arm. But Jesus Christ can make you well. You believe that? Then come here. Have faith now.

Shall we pray. Our heavenly Father, I lay hands upon this woman, and I pray that as blind Bartimaeus stood there and got his sight, may she also, Lord, receive her healing and these shadows of death be taken from her. May she go and be well. I pray this blessing for my sister in Jesus Christ's Name. Amen.

God bless you, sister. Go, rejoicing and happy, and thanking God, and be well.

**L-71** All right. We are strangers to each other I suppose, sister? And... But God knows us both, doesn't He? He knows us both.

Now, if there was anything... If I had some kind of a healing or something... First thing, if I said that, I'd be wrong. I'd be unscriptural. But if I did have, say if I did have, and if I was a doctor, and knowed what was wrong with you, and then wouldn't do it, I'd be a hypocrite (Yes, sir.) if I could help you and wouldn't do it. But the only thing I can do is just as He would tell me. And that's for faith, your faith in Christ.

Something happened then. Now, everybody real reverent.

to the Lord Jesus Who gives us all things freely.

Are you the patient? The Angel of the Lord is hanging over that little Spanish woman setting there, but I... Come this way just a minute. I can't see; it won't break to a vision; there's so many people praying. Just come here just a moment. Now, just to talk to you, lady, just for a few moments, I'm... I don't know you, never seen you. We're strangers to one another. Jesus knows you, knows all about you, and I don't know you. That's right. But God does. But if God will tell me what you're here for, will you--will you believe with all your heart? Well, there's one thing that you're bothered with is a heart trouble, and another thing you're bothered with is a nervous condition, and you're also bothered with anemia condition. That's right. And it all comes from a nerve condition that caused it. Causes mainly, after you've eaten, your heart's worse, because it's gas from your stomach, and you're just nervous because it's a time of life for you to be that way. See? That's right. And there's nothing going to bother you; you're in the Presence of the Lord Jesus, not your brother. You believe that? Will you accept it? You're not from this city; you come from another city. You drove here, about a hundred miles away. And it's a place called Ontario, something like that, California. Isn't that right? Now, do you believe me? Now, go home, forget all about it, you're healed. See? Jesus makes you well.

Have faith in God; don't doubt. Believe and thou shalt receive, if thou canst believe.

**L-83** How do you do, lady. I see you're packing a handkerchief in your hand. Do you believe with all your heart? Do you believe? Do you believe God to be Jehovah God that was with Abraham? You believe Jesus to be His Son? You believe me to be His servant? You believe that you're living in the latter days when Jesus is proving His resurrection? You might... You--you've been troubled with a lot of it, but just remember, those things only declare that there really is a genuine Holy

come, and He'd be with me and do these things, just like you see there in the audience.

Now, you know that I don't know you, and I--I know nothing of you. But God knows all about you, doesn't He? Well, if He can tell me here, what you're here for, then will you believe Him with all your heart, and will accept whatever you're here for, whether it's finances, or whether it's spiritual troubles, or whatever it is, you'll--you will accept it? Now, may He grant it is my sincere prayer. But, oh...

**L-81** A dark shadow hanging near the lady. There it comes over her, the power of the enemy. And it's a--it's a tumor the woman has, and she also has a stomach trouble. That's right. Tumor's in the head, tumor of the head. That's true. If it is, raise your hand. Now, you believe His Presence is right here? Come here just a moment, that I might, while this anointing is on me, just lay my hands on you, sister, and ask the--the One Who's speaking through me, to you, that He will spare your life. Will you live for Him and do everything you can to serve Him?

Dear heavenly father, Thou hearest this. And the darkness hanging over the woman, I curse this enemy. As Your servant, I curse it in the Name of the Lord Jesus. And Your beloved servants, the doctors, have tried to do all they can to for her, but, Lord, I pray that Your healing hand will be with her, and touch her, and make her well, in Jesus Christ's Name. Amen.

Now, go rejoicing, going happy, and believe Him. Doest thou believe now, with all your heart?

**L-82** What do you think, that's setting there on the--the--the let--with a kidney trouble, setting there, you believe that God will make you well, setting there? You believe that He healed you now? You raised up your hand like you did. You do? You believe that He makes you well? All right, then you can have your healing. Amen. You raised your hands just in time. Amen. Now, go home; just forget you ever had it. Thanks be

Somebody was praying. Oh, here it is. Praise be to God. Thank you, sister, for praying. I heard your prayer. Jesus did too. Your shingles is going to leave you now, setting right there with your hand up like this, the mother there, setting with your hand up. Now you... Yes, you can go on your road now rejoicing. He's heard your prayer. Thank you, sister, for your faith in God. Amen. Isn't He wonderful, sister? Your faith does that.

**L-72** Now, be praying. You be praying, sister. All of you just be in prayer.

Now, the lady being a stranger to me... Now, I--just to talk to you as His servant... It keeps moving in the audience. There's faith arising out there. You see? Sometimes I don't know what it is; I just have to do as He says. As the Spirit of the Lord begins to move, I just have to move as It moves with me. You see? It's all a thing...

There He is over a woman that's real nervous, setting right there. And her husband's leaning over to her. He's suffering with a rupture. And they're both praying to be healed. Is that right? You're husband and wife. I see you both in the same room. You... All right. Put your hands over on each other.

Heavenly Father, in the Name of Jesus, may they be healed. Their faith, Lord, has touched You and caused this to happen. In Jesus' Name may they be healed. Amen.

God bless you, my dear brother and sister. Your faith has did this. Your faith alone.

If thou can only believe. Oh, my, isn't He wonderful? [\[Mark 9:23\]](#)

**L-73** There's another man and wife setting right back there, and the woman is suffering with a rupture, setting right straight in line with them. And the man has got a hearing trouble and also got hemorrhoids. And they're sitting right over the top there, the woman and man. You are healed, both of you. Jesus Christ makes you...

You hear me now, don't you brother? Your ears come open.

Praise be to God. There it is, our Lord Jesus in His bountiful mercy... Setting there having faith... What does that? The same faith that was in blind Bartimaeus. You all ought to believe.

It's hanging over the lady in the stretcher. I'm wondering about her faith. She's very sick: asthmatic condition. She has TB, arthritis. That's right, isn't it, young lady, you in the...? That's right. Mother, if you could only believe, and believe me to be God's prophet, as soon as this service is over, take that little cot and set it up and go on home. See? Have faith. Believe.

**L-74** Now, lady, just a moment to you. I'm sorry. I just have to move the way It moves me.

Don't move around, no one. See? It... The Angel of the Lord is a Light. It's a Pillar of Fire (See?), just a Light, an emerald-like Light burning, and It moves. And--and you moving, sometimes... It's a human soul. You're just all like, under control. If you move... And I know just where the skeptic is sitting; I know where the believers is setting. I have to watch just exactly. When that moves, that's a conflict, it's in spirit life.

**L-75** Now, here It is. It looks like that you could see That. I see blood dripping. It's from that person setting right there, about three rows back, setting there, that's got dripping blood from the lungs. It's having trouble, a blood drip. Yes, sir.

Now, have faith. Don't doubt, but believe, and Jesus Christ will make you well. "If thou canst believe, all things are possible." Now, do you believe, sister? [\[Mark 9:23\]](#)

**L-76** The man setting right on this side over there is suffering with prostate trouble, setting right back there, kind of looking to me, kind of a aged man. If you can believe, my dear brother, it'll leave you and never come back again. I trust to God that you have your faith and believe with all your

still see the audience, let me watch... He said, "I can, if you can believe." He's really lovely, isn't He?

I see a lady praying. She's got her handkerchief up to her mouth. She's setting right straight behind this first row here. She's got a skin disease that she's praying about. You believe the Lord will heal you, sister? You believe that He will make you well? The little lady setting right behind the lady with the red coat on here, that's got your handkerchief up to your mouth, right here... Raise your hand up. It'll leave you. I see you even long, later now, it's gone from you. Your faith has healed you, sister. Amen.

**L-79** Do you believe Him? "All things are possible to them that believe. If thou canst believe," He said, "all things are possible."

You're praying for that child, aren't you, sister, setting there? Keep having faith now. Oh, my dear brother and sister, if I could only, could only, while I know you're listening at me, if I could only express what this feeling is right here now. Oh, just how it looks to me like everybody just ought to be, just oh, believing right now. He, our Lord Jesus is here. That's what caused you to come here tonight. [\[Mark 9:23\]](#)

**L-80** Now, it's making me weak. Of course you could see it, and even the--this cold night, and the perspiration running from my hand. See? You're... it's--it's His Presence. Visions... Jesus said "I perceive virtue has gone," not from the God that was in Him, but from His physical body, the Son of God, Who He was. That's the same thing here. It just makes you real weak; it's visions. If you have faith and can believe with all your heart, why, you can receive what you ask for.

Now, sister, maybe I can talk to you just a little. Do you believe me to be His servant, the servant of the Lord Jesus? You know that there's nothing in your brother could do anything for you, to help you, to heal you if you're sick, but you know... Believe me that I am His servant, that I'm only trying to come here, because He spoke to me and told me to

there, is that right? If that's right, raise your hand. Now, if the audience can hear me good and every thing, the man standing to me now, between he and I, looks like a real, light something going on. And the man, he... why he isn't here for healing. He's already been healed. You was healed the other night. You had a... You're here for someone else. That's right. And that's for your child, isn't it, your daughter? That's right. And she isn't here. I see a wife appear on the scene too, nervousness or something. That's right. But she is here. Then you... She is here. And you--your--your daughter though, is in a state that's a different state. It's kind of a level country, lot of wheat grows. It's not... It's--it's Kansas; she's from Kansas; that's where she's from. And she's suffering with nervous trouble too. Mr. Brown, that's your name, you just return on; your daughter's going to get well and so is your wife. You're healed, God bless you. Let's say, "Praise Him."

**L-77** Let us say, "Praise the Lord!" [Congregation says, "Praise the Lord!--Ed.] Do you believe? Have faith.

Now, the man that's putting this around my neck's got a desire for somebody. Amen. Oh, it's wonderful when He comes on the scene. Have faith in God.

You believe, lady? Only God can heal you or give you your desire.

Have trouble with your head, don't you, brother? Uh-huh. The young man, setting there... Caused from an injury, wasn't it, brother? Uh-huh...?... You had some sorrow too, haven't you? It's a dark shadow; I believe it's your wife you lost. That's right. Isn't that right? Raise you hand. Why, your head trouble's over, sir. God's honored your faith, going to be well now.

**L-78** See what I mean? You don't need a prayer card; you need faith; just have faith. God will give you the deep desire of your heart, if you'll only have faith to believe. Isn't He wonderful?

Now, there He is still moving in the audience. While I can

heart. You shall receive what you've asked for. Wonderful. Now, the lady... I'm sorry, sister. I just have to... I see some great high mountains coming up before me, great big mountains. They got snow all over them.

Oh, you're here for somebody else. And that person lives just at a mountain. It's Denver, Colorado. And that is a man, and it's some relation to you. And it's a--a unsaved man. He isn't a Christian; it's dark around the man. And he's had been in some kind of a hospital and had a brain operation. And they've injured the nerves, and he... It was a balance nerve; he can't walk. You're trying to... He can't set or go on like that. And it's your brother-in-law. That's exactly.

**L-77** Now that handkerchief that you wiped the tears from your eyes with, send it to him in the Name of the Lord Jesus, and may he be made well.

Just have faith. Don't doubt. Believe, and thou shall receive. "If you can believe, you will receive." The Bible said that you would.

I keep seeing a Spanish woman standing in mid-air right through here somewhere. I can't tell where it is, so just be praying ever where you are. You may even be behind me. I don't know. But please be reverent and set quiet just for a few moments.

Oh, what a wonderful Lord Jesus we have. How good, how precious He is. He does all things well.

Now, if I can get the attention of the little lady here that's standing before me. Sister, don't weep. See? Bartimaeus perhaps wept. But if you have need of anything, Jesus is here to supply everything that you have need of.

Now, I'm your brother, and I'd only tell you truth, sister. And you know that I don't know you, or know nothing about you. You're aware of that. Are you, sister? But, can't you believe that I'm telling the truth about the Bible, that Jesus is the same yesterday, today, and forever? [\[Acts 19:12\]](#), [\[Mark 9:23\]](#), [\[Hebrews 13:8\]](#)

**L-78** What if you was standing in His Presence? He would know about you what the Father would reveal to Him. Is that right? The woman touched His garment, only He couldn't tell it until the Father had showed Him. He said, "Just as the Father shows Me, that I do."

My, what a wonderful faith moving in this audience, Oh, if you... When I'm gone from here, weeks, you people will find out you're well. You're getting healed. I just can't call it. It's just everywhere, looks like.

Just looks like it just... I look around, and it all just turns light, out in that way. And then, such a faith. You're being healed. You--you'll realize it. Maybe... You just watch and see, pastors, if your people don't come, tell you that they was--was healed here and wasn't even around... Nobody spoke to them or nothing. They're being healed anyhow. You just can't call it when it's just so much now.

So maybe with our sister here... You have a.. I see some trouble with your throat. You got a throat trouble. That is right. And you're very nervous, upset. And you've just had a something happen to you, like a heart attack. You had a heart attack just recently, and it's left you real weak and nervous. Come here.

Dear heavenly Father, the Author of Life and the Giver of every good gift, send Thy blessings upon this, Thy humble handmaid, Lord. And heal her, and make her completely whole. I ask in Jesus' Name, the Son of God. Amen.

Now go. Don't doubt a thing, sister. You're blessed of God now. And I've asked, and I believe that I get what I ask for. Don't you believe that? Then go, claim it, and you shall have what you've asked for. Amen. [\[John 5:19\]](#)

**L-79** Have faith in God. Do you believing? Now please... I--I suppose maybe I'm... Am I... Yes, I'm getting late, maybe. Now just a moment. Everyone real... I'm trying to work for you, for God, to you. If you'll just be still and don't move for a minute...

man say he could forgive your sins...?...

"Why," he'd say, "why, the Bible said, 'He gave them power.'"

**L-74** Yes, but that was before Jesus' crucifixion. That's right. The atonement wasn't made. Remember that, brother. Yes, sir. He also said, "Whoever sins you remit, to them they're remitted. Whosoever sins you retain, to them they're retained."

But how did they do it? Peter said, the one that had the keys to it, on the day of Pentecost said, "Repent, every one of you, and be baptized in the Name of Jesus Christ for the remission of your sin, and you shall receive the gift of the Holy Ghost." Is that right? See? Sure, it's not nothing man can do; it's what God has done.

You a believer of that, are you, sir? Being preaching the way I did, it's kind of hard for me to get into the anointing of the Angel of the Lord to come, so that's the reason I wait just a moment. And you bear with me, and be real reverent, just for a few moments. And Billy watch me, and you too, and... [\[John 20:20-24\]](#)

**L-75** See? This is a subconscious condition (See?), it has to be. I know nothing about it. How could I know about this man? We don't know each other. We're stranger to one to another. Isn't that right, sir? Raise up your hand if that's right. We don't know. God knows. But now, if I can talk to you just a moment, like our Lord did to the woman at the well...

She come up to get a bucket of water; He said, "Bring Me a drink." He got a conversation. Did you ever read that in Saint John the 4th chapter? Beautiful verse, isn't it? Wouldn't you like to have been standing there then, right where He was setting on the well? [\[John 4:7\]](#)

**L-76** Brother, it may seem very strange, but you're standing in just about the same place. That's right. You realize it now, don't you? See? When our faith begin to move to Him, you see quickly what happened? Now, right now, there's a different feeling to you than what it has been since you stood

**L-71** Now, He can do... the--the man... The woman come up there, that was her trouble. This man come here; there's some trouble with him, supposingly; I don't know. But God does know. Now, if God will reveal it, will that still be the sign of Messiah, not William Branham, but Messiah? Is that right? Messiah, that's raised and living in us, doing the same thing here, that He did there, isn't that Scripture, just as perfect as it can be?

Oh, it's a little against the school of thought today, but it was a little against the school of thought in that day. Man makes schools of thought of anything, but that don't change God's Word. He brings it right on just the way it's supposed to be. See?

**L-72** So many of them missed it in that day. Don't you miss it in your day. Not me now, Him. It's His... It's the day of His visitation, not me, I'm just a poor substitute of anything, but He... But it's--it's Him moving, working. He just give me a way, a gift to yield myself to Him and do these things for your benefit, not for mine, for yours. So it's for you.

Now, the man a stranger, standing here. But if God will--will let me know this man, what--what's wrong with him, or what's something about him that he knows I know nothing about, will every one of you believe with all your heart then? What about you all around here on these stretchers, and cots, and things, you going to believe?

**L-73** Now, if I was a healer, you know what I'd do? I'd jump down and heal that little boy, and heal this person here, and heal this person here, and that little boy over there, and this lady here. I'd heal them. Get this lady here, in this wheelchair, and I'd say, "Everybody's got cancer come here let me heal you."

But when a man tells you he can heal you, he's deceiving you to begin with. That's right. Jesus has already did that, and no man can do it again. It's your own, personal faith. Just like a

Let me talk to this woman here. Is this the patient, sir? The Lord bless you, lady. You speak English? That's very good.

Now, you see, this must be very reverent. You say, "Brother Branham, what does that have to do with it?" A whole lot. Jesus one time, healing a person, took him out of the crowd and took him outside the city, prayed for him. Is that right?

[\[Mark 11:22\]](#)

**L-80** And one time when Jairus' daughter was dead, all the people were weeping and carrying on, and He put them, every one, out of the house. Is that right? See? Yes. Your--your--your... The way you move, your actions... See, you're in another world.

Oh, I love you with all my heart. I wish you could just receive my Lord Jesus just now. You'd see one of the greatest things happen you ever seen in your life. But just believe.

Now, here's a woman, perhaps Spanish. I--I don't know. But God knows her. I don't. If God, our heavenly Father, will speak to this woman through the Holy Spirit, and just use my lips, as I submit myself to Him, and let me know what this Spanish woman is here for, will all of you, with one time, say, "That'll settle it for me for good? I'll right now then believe the Lord Jesus Christ and accept Him." Will you do it? All right. Then we can have prayer, and everybody would be healed

You're already healed. I mean, accept it. See? Just as you accept it, that's when we know it.

**L-81** All right, sister. May the Lord Jesus grant it. You Spanish, and me Irish, and years apart and--and everything, we don't know one another. But Jesus knows us both. He knows all about us.

You have a nervous condition, a stomach trouble (That's right.), trouble with your eye also. That's true. You're not from right here. You're not from this locality. No, you're from another place called El Monte, California, something on that order. That's right. And your name is Naomi. That's right.

Moore is your last name. And your house number is 502, something like Mullhill street. That's right. Is that right? Now, you return well. Jesus makes you well.

Oh, God, have mercy, I pray, through Jesus' Name. Are you believing?

Sir, do you want to go eat your supper? Well, go get you a nice big hamburger and eat it. Your stomach trouble left you. Amen. Go and be made...

Come. Never an operation; tumor's done gone. Just go on your road, rejoicing.

**L-82** Let's say, "Praise the Lord." The Holy Spirit's here if you could only believe it. This is it. This is what it takes to do it.

If you would believe, heart will never bother you no more. Just keep walking and rejoicing, and thanking God with all your heart and soul. Let's say, "Praise the Lord."

If you can have faith... Funny feeling, when I said about that stomach trouble with that man, wasn't it? Now, you go do likewise. Eat your supper, in Jesus' Name.

**L-83** Do you believe out there? Do you want to be healed every one of you right now? All right then you do this. Bow your head just a moment. Now, you repeat this prayer. You pray the prayer the prayer that I say.

[Congregations repeats the following prayer after Brother Branham--Ed.] Dear heavenly Father, I now believe that Jesus Your Son has risen from the dead, and has forgiven my sins, and healed my sickness. I accept it right now. I believe that You're here in Spirit form, doing the same things You did when You were here in flesh. And I accept You as my Healer. Help me, Lord, to never doubt no more.

**L-84** Now, you just be real quiet, keep shut in with God. Keep your head bowed. That's your prayer.

Now, just by faith look to Him. By eyes of faith now, with your physical eyes closed, look to Him; just imagine, there He stands, right there by your side; His arms are outstretched.

receive right now. "If thou canst believe." [\[Mark 9:23\]](#)

### **55-1117 - Tent Meeting, San Fernando, CA (Paragraphs: 68 - 88)**

**L-69** All right. Now, here's a man standing here by me, that... I--I never seen him, I guess, in my life. God knows him, I--I don't. But now what... Somebody might've went and got him out here and brought him over to this meeting. Say they did; say it was this brother, here did. I--I... He might've done it, I don't know. But say he did, and this fellow's name now, would be Philip, and this fellow's name would be Nathanael. And he come up in the line where Jesus was standing. What did Jesus do? See? He just begin to tell him who he was, what about him. And the unbelievers said, "That man's got a devil; He's Beelzebub. He--He... That's--that's spiritualism; that's the devil (See?), Beelzebub, the chief of the devils."

But Nathanael. said, "Thou art the Son of God, the King of Israel." [\[Luke 11:15\]](#), [\[John 1:49\]](#)

**L-70** Now... And the woman that was in the audience, the blind man at the gate, all along, everywhere, you see... Jesus just... The woman come from the well, and Jesus talked to her a few minutes, and told her where her trouble was, said, "Go, get your husband."

She said, "I don't have any."

Said, "That's right, you got five."

Now, she said, "You must be a prophet." Now, listen close, so you'll be sure to get this. She said, "We know that when Messiah cometh..."

Do you believe Jesus is the Messiah, Jesus Christ, the Messiah waited... Jewish Messiah of God...

She said, "We know when Messiah cometh, He will do these things. But Who are You? You must be a prophet."

He said, "I'm He."

So she goes and tells the people in the city, "Come, see a Man Who revealed my--my past life to...?..." [\[John 4:25, 29\]](#)

What's the matter with you Pentecostal people? Look at Catholics coming in with faith. They're taught to believe that what their priest says is right. You ever get one lined up right so you can see the Holy Spirit working, he will believe everything that's said.

**L-58** What do you think about that, lady, being Spanish too? You believe it? All right. You know what has happened? You female trouble has left you. It... You're healed. Go on your road rejoicing, and be made well through Jesus' Name. Hallelujah.

Now...?... Sister? Will you believe God can heal heart trouble and make you well? Well, just go right on--on your road rejoicing, because He's Jehovah-jireh that provides everything we have need of.

You love Him? Oh, my, that's the way to have faith. Now, It just begins to set in everywhere. [\[Genesis 22:14\]](#)

**L-59** When I spoke to that lady, something happened, didn't it? Now, just go on your road rejoicing, thanking God and be well through Jesus' Name. Don't doubt a bit; just believe with all your heart.

Come, sir. Now, I want to ask you something. You believe that stomach trouble's gone? Just go on your road rejoicing then, 'cause He has healed you.

Let's say, "Praise be to God."

Do you believe, sister? You'd like to go eat a big hamburger about that big with onions on it? Go eat it then, and be well, in the Name of the Lord. That ulcered stomach that--that's...

My Lord can heal arthritis just so easy. Don't you believe that? Well, just go rejoicing and thanking God for--for what He's done for you.

Well, you have a lady's trouble; you're nervous and got arthritis. But just go off the platform rejoicing, saying, "Thank You, Lord."

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] Every one of you, do you believe? Now, turn to

Now, there's only one thing to keep you from receiving it. Right over you hangs a dark shadow. That's Satan, a doubter, trying to say, "Well, I... something else."

Now, I'm going to rebuke that doubt; that thing that's make--would make you doubt. That's my prayer. Now, you just keep shut in with God while I'm praying for you, believing that God's healing power is coming right into you by your own faith right now. God's healing power is moving right into you by faith that you're receiving it.

All the cancers are moving out. The stomach trouble is leaving. The female trouble is leaving. All diseases are leaving.

Now, heavenly Father, they have confessed. They have brought their problem to You. And I'm now bringing them unto Thee. And now, this demon of doubt that would hang over the people, that would cause them to doubt...

**L-85** Satan, you have lost the battle. For years you've kept humanity shut up in doubt, but God in His mercy hath sent us the Light. And you are the deceiver. And you're exposed, and you have no legal rights. Jesus Christ the Son of God stripped you at Calvary of everything that you ever had. And you're only a bluff. And we're calling your hand, through the Blood of Jesus. And you can't make us doubt no more, so come out of these people, and get away from them, and clean out of this tabernacle tonight. I adjure thee, in the Name of the Jesus Christ, the Son of the living God, that every doubt moves away from every person, and Jesus Christ makes them completely whole. For the glory of God, I ask this in Jesus' Name. And, Satan, you're rebuked. Come out of them.

### **55-1116 - Tent Meeting, San Fernando, CA (Paragraphs: 49 - 59)**

**L-50** Now, I'm going to ask you something. And brother, you watch. Just don't let me stand too long. I know you have to hurry home, but let's just start the meeting. No one

responded. All right. All right. All--all right. They maybe stepped out. Maybe out somewhere. If they come in, why, somebody usher will find out, somebody, if someone comes in, maybe, bearing that card, we'll put them in the line anyhow, 'cause they deserve to come. All right.

Now, I want to ask you. I, not knowing no one, as far as I know in the building right now, but the man behind me, just the local group that's with me, the two boys. And my wife's here somewhere, but I've never seen her yet tonight in here. But she's here somewhere and my little girl, my son here, and that's all. But God knows every one of you, don't you believe that?

Now, if thou canst believe... Just have faith. How many here that wants to be healed, but hasn't got no prayer card, you won't be up here on the platform, just raise your hand. I can just get a general idea of where you're setting. All right. That's fine. Just looks like it's solid, everywhere.

Now, this person here, this woman, young lady, rather, is a perfect stranger to me. I've never seen her. But God knows her. And God knows all about her. Now, if I could heal her, if she's sick. I don't know if she's sick. But if I could heal her, and wouldn't do it, I'd--I'd be a cruel person. But I--I can't heal her. And--and if Jesus was standing right here where I am now, neither could He heal her. He's already done it. He might try to get her to believe it, but... Is that right? That's right. See, 'cause the Blood's already been shed, the atonement's made. He can't work against Himself. See? He can't do that. He's already did it. And you can't do it again, after He's already got it done. He's laid down a program. "I shed My Blood to make it possible." The sin question's already paid for, the healing question's already paid for. Now, if you can believe, that's it; that's all can be done.

Then in that, He sends preachers and He sends prophets, and He sends different ones and sets them in the Church for His glory, that they might see and believe. [\[Ephesians 4:11\]](#), [\[Mark](#)

Pentecostal church, but you didn't join it. You haven't been back to that church for about a year. You don't know what to do. This come upon your baby that you might serve the Lord. Now, go, and be born again of His Spirit. I'll bless the baby. Just a moment. I seen someone else with a rosary or... It's some women standing by. There they are. A young lady setting looking at me, lady setting next to her is her grandmother. She's suffering with a stomach trouble. That's right, isn't it? And you suffer with headaches, troubles. Isn't that right? You're both Catholic. You believe that the Lord Jesus will save and heal right now, and make you both well? Will you believe it? Raise up your hands if you will. All right. Now, put your hand over on grandmother there. [\[Mark 9:23\]](#)

**L-57** And Father God, Who made heavens and earth, all things are possible to them that believe. Remit every sin, Lord, I pray. And that You'll heal this darling little baby here, and I take the curse off of it. It's too young to have faith. May this baby live. Satan has numbered its days, but the mother has come to You, Lord Jesus, just now. And now, I curse this disease, that it will not take the baby's life, that Jesus Christ the Son of God will save the child. And bless those who are holding hands below, in Jesus' Name. Amen.

Now, it's all over, sister. I want to ask you something. You've never had a feeling like you have now. Isn't that right? You are also forgiven of every sin, and your--and your baby will live. Don't fear. Go on your road. Tell mother or grandmother to eat what she wants to. Your headaches cease, sister. The lady's trouble, it's all over. Now, just have faith and believe with all your heart. Hallelujah.

The lady, Spanish lady setting right over there, got a chest trouble, haven't you, sister, setting right there with the--with her head down weeping because that God had spoke to us. He heard your prayers too, sister. God bless you. You are healed also. Your faith has saved you.

Get some of these Spanish people in here; they got faith.

He's wonderful, isn't He? The other lady setting there with her pocketbook in her hand, with high blood pressure, but Jesus Christ can make you well, can't He, sister? You believe it? You believe it? All right, you can be healed. That's wonderful, isn't He?

You turned around, post, looking at me, been bothered with your eyes haven't you, sir? Yes, yes. Sure, you have. The man next to you has too. All right. Both of you stand up and receive your sight in the Name of the Lord Jesus, and be made well.

You have faith? "If thou canst believe." That's up to you.

You believe, sister? With all your heart? You're a very sick woman. You have trouble with heart trouble, for one thing. And you--you have trouble with your throat. And you're bothered with sinus trouble, complications like. Your age is against you on many of the things you think. But God is for you. I want to tell you something, that you might know. You got someone you're real interested in, aren't you? It's had a stroke or something. They've been in bed for nine years. Isn't that right? Now, just go on receiving and believing with all your heart. God will confirm it. [\[Mark 9:23\]](#)

**L-56** Let us say, "Thanks be to God." And if thou canst believe...

How do you do, lady? You speak English? Oh, very well. I'm a stranger to you. You do not know me. I do not know you. You got your baby. That's what you're interested in. If Jesus will let me know something, what you're here for, will you believe Him with all your heart?

Sister, your baby is very sick. They really don't know what's the matter with it, 'cause it's got trouble in its neck. It's a gland trouble, swelling. That is right. You was to take that baby to the doctor, the hospital, it was, about yesterday. But you're holding off. That's very good faith for a sinner. You used to be a Catholic, wasn't you? And you quit the Catholic church. That's right. And then you started going to a

[9:23\]](#)

**L-51** Now, this girl, you are... We're strangers to each other, are we, lady? I never seen you in my life, I don't... You never seen me. We're total strangers. All right. If the Lord Jesus will let me know what the girl's here for, will the rest of you here believe with all your heart, that it's... You remember, Jesus said Himself... And through the nights, if there's a stranger here... That's exactly what Jesus said.

"Verily, verily, I say unto you, I can do nothing but what the Father shows Me first." Is that right? "I can't do nothing in Myself. Just what the Father shows Me, that I do."

And when He went away, He said, "Now, the same thing that I done, you'll do also. For I'll be with you, always to the end of the world. You'll do the same thing I done, until the end of the world." So that's Him.

And He... The Bible said, "He's raised from the dead." So if He's raised from the dead and the same yesterday, today, and forever, He's got to do the same thing, hasn't He? Then as you ought to know, after hearing His Word, believing Him, accepting Him as personal Saviour, and here He is doing the same thing, then there's no guess about it. It's all truth, isn't it? [\[John 5:19\]](#), [\[John 14:12\]](#), [\[Matthew 28:20\]](#), [\[Acts 3:15\]](#), [\[Hebrews 13:8\]](#)

**L-52** Now, the young lady, as again tonight it's a woman to begin with. We are strange to each other. And now, sister, you know that to be true. We're strangers. But now, you know that I don't know what you're here for. I--I have no idea. You're just a--a young lady that walked up here on the platform and that's all. And you wouldn't necessarily had to been up here; you could've been sitting out there and had faith. But being that you're here close to me (See?) I can speak to you. And if I can get you to have faith, then your own faith will make the vision operate for you. See? It's God showing you that He loves you. It isn't me. I know nothing about you; but He does. And--and if you don't believe, well, then there's nothing could be done. You could stand there all

night, and if you didn't believe, why, it would never--it would never work (See?) 'cause it's your faith that operates it, not mine. It's yours. God's gift, but I--I'm not the gift. I'm just the--the channel. See?

That bulb is not the light; that wire is not the light; it's the current in the wire that gives the light. It's just the conductor. In this case, I'd be the conductor. See? And it takes His, and somebody has to press the button. And you're the person that'll have to press the button. God shows the Light, and He snaps It off, you'll know whether that's right or not.

**L-53** Now, as we talk, talking to you, is sure, it's to contact your spirit; that's right. And--and you... He's near, the Holy Spirit, you're aware of that, that Something's near. So am I, but It just hasn't anointed us yet, just right, to what it is. But I see the lady now as she begins to dim out to me. I see her. She's suffering with a--a nervous condition. She's real upset. She's been that way for sometime. She also has a--a ladies condition; it's in the female gland. She's having trouble in the female gland. Those things are true, aren't they, lady?

And I... You're--you're not from here. You've come from somewhere else, another city. I see you moving, coming this a way. Someone had told you something; it was about the meeting, and you come to be prayed for. And I see the number that you left from, it's--it's--it's 8614 is your street number. And somebody calls you, "Betty." And your last name is Moore. That's right. Just... Now, you can go home; you're healed. Your faith has done it, sister. The Lord bless you, my sister.

Have faith in God. Believe with all your heart.

Our Lord... We are Abraham's seed. Jesus Christ was Abraham's Seed, out of Him come. God has made us. Just have faith. Don't doubt. Believe with all your heart, and you shall receive just exactly... It's all right. She's just coming out from under It. She set under the anointing long; that's what it

was. She just completely passed out; that's all. That's all right. She's well now. See? She's all right. She's just exhausted. She's...?... [\[Mark 11:22\]](#)

**L-54** Now, the man standing here, sir. We are strangers to each other. We do not know each other. Only God knows us both. Is that right, sir? Kind sir, you were weeping there because you was real excited. With the overcoat on; the little heart trouble's been bothering you. It's over now. Just have faith. That's fine.

Say, the lady setting next to you there, suffers with a--a trouble with her lungs too. That is right, isn't it, lady? Now, just raise up your hand too, sister. Now, lay your hand over on her, sir. That's it. Heavenly Father, their faith is close enough to draw the virtue of the Holy Spirit to a vision. I pray that if faith is strong enough now to make them both well, in Jesus' Name. Amen.

What do you think of that, sir? Isn't He wonderful? Certainly is. You keep looking that way because you're interested in somebody, aren't you? It's your wife. That's right. You got a throat trouble. Uh-huh. This is your last night you can stay, isn't it? You have to go home. You're going to be well. You got a little habit you want to give up too. You going to quit it? Throw the thing away and never pick them up, and go and serve God the rest of your life. Lay your hands on your wife down there; she's going to get healed too. God bless you. Pass on your road rejoicing in the Name of the Lord Jesus. Amen.

Let us say, "Thanks be to the Lord God, Creator of heavens and earth, Author of Everlasting Life."

**L-55** Come near, sister. Believe. "If thou canst believe, thou canst receive."

I do not... Lady, with the pocketbook and your hand laying on it, been having some trouble with your side. That's it, you setting there, yes, that's right. All right. It's over now. Your faith has healed you. Amen. God bless you.
