## 56-0219 - Calvary Temple Soul's Harbor, Minneapolis, MN (Paragraphs: 83 - 105)

L-84 The woman's suffering, I see her very, very nervous. She's going just place to place. She's suffering with a--a bladder trouble also. She has a bladder condition. And I see her persistently going back and forth in a building. It's a doctor's place. And they're performing an operation. It's a cyst they're taking off of you. It looks like right back and forth, time after time, week after week, that they're having operations for little bitty growths, little cysts like that. That's THUS SAITH THE LORD.

Do you believe now, lady? Come here just a moment. Look, sister, only God can make you well. Do you believe it now, that It will speak for you?

Our heavenly Father, with reverent heart bowed, heart and head, lay hands upon the little woman that's suffering and ask for the mercies of the resurrection to come to her. And, Satan, you are defeated through Jesus Christ. We now pronounce this blessing to our sister that she will be well in Jesus Christ's Name. Amen.

God bless you, sister. I believe that you're going to be well now. Don't you believe that? You feel better about it now, don't you? You was healed then. Go, rejoicing, thanking the Lord.

Now, you all believe now? Does that... All right. Now, just be real reverent. Don't move around (See?), 'cause it--it interrupts the service.

L-85 Now, the lady standing here by me is a stranger to me. I don't know her, but God does know her. Are we strangers, lady, to each other? Did you... Watch the expression of the people's face when they walk in the Presence of the Holy Spirit. See? See the tears rolling down her cheeks and watch how they'll change their color. See? When they walk into His Presence...

A lady met me today from Shawano. She was in the--the service the other night and got as far as the piano. She said, "You stopped the line, but, Brother Branham, that close from the Presence of God," said, "it settled it." Said, "A growth that I had on me has already gone away from me, just dried up and went away." See? She believed.

Now, somebody else could walk up there and never do them, never bother them a bit. See?

L-86 The woman touched His garment, virtue went out. But the Roman who spit in His face, and pulled His beard, and hit Him on the head with a stick like that, and said, "Now, if You're a prophesier, tell us who hit You and we'll believe You," he didn't feel no virtue. He wasn't looking for any. Come, believing. Now, sister, if I--if I... If you're sick, I don't know whether you are or not. And if I... If you are sick, and I could heal you and wouldn't do it, I'd be a brute. I wouldn't even be a gentlemen if I could do anything to help you, but I couldn't do it. I--I--I just can't, because I'm not a... First place, I'm not a surgeon. I couldn't perform operations. I'm not a doctor. I don't know nothing about that. And the only thing that I am is God's servant.

And by trying to bring you to Jesus Christ through a Divine gift that was given to me, well, maybe then something can happen. I trust that it will. Will you believe? You will. I believe you will too. [\[Mark 5:27\]](#), [\[Luke 22:64\]](#)

L-87 Now, the first thing, the lady is suffering with a tremendous nervous condition. She's just on the verge of a breakdown. She feels like that she's about lost her mind. The reason this is, is because of a burden. She's burdened about someone. She has a burden on her heart. And that person is her husband. And the man has got something like a stroke or something that's bothered him. And she's pulled around with him until it's caused her to have a breakdown. That's the truth. Is that right? If it is, raise your hand. Do you believe now with all your heart?

Look. Satan is just... Now, you feel all right now. See, you feel better because as soon as you accepted it, that feeling left you. See? It's gone now. That's right. See? You don't feel it now, do you? It's gone from you. If that's right raise up your hand, if that weary feeling left you. See? 'Cause I seen it when it left. See? But that's just a shadow. Now, it--it can't hurt you. It's the devil. See? And he--he--he won't come to you no more if you'll believe it.

**L-88** You believe that you're standing by Jesus Christ now which is a supernatural Being here that'll keep him away from you all your days of your life? You're going out here happy and rejoicing and have... and rejoice in the Lord. Do you believe that?

Then heavenly Father, I lay hands upon this little woman. And I say to Satan, "You've lied to her, and keep away from her in the Name of Jesus Christ. You're defeated, and we adjure thee by the living God to depart." Amen. Now, go rejoicing, lady, be happy, just as happy as you can be, singing hymns and praising God. You'll be all right. Amen.

Do you believe? [Congregation says, "Amen."--Ed.]

Lady, thank you. Jesus said, "If thou canst, thou... If thou canst believe..." Is that right? You can receive if you believe. Is that right? [\[Mark 9:23\]](#)

**L-89** You felt it then, didn't you, sister with the brown coat on? You're arthritis left you. That's what happened. That's right. Setting right there looking at me with her hair kinda up like that, you had arthritis, didn't you? That's right. Amen. Now, when I looked, and all at once around there something happened to you. Isn't that right? Raise up your hand if that's right. See? See? It happened. Amen.

That sound pretty good to you, sir? You believe it to be the Lord Jesus? Got something wrong with your back, haven't you? Uh-huh. That's right. That's right, isn't it, sir? You believe me to be God's prophet? You do with all your heart? Here's another thing. You're seeking the baptism of the Holy Ghost, aren't you? Isn't that right? If that's right, wave your hand back and forth like this. Then the Lord give It to you. Amen.

Lord Jesus, may Thy grace and mercy rest deeply upon our brother, and give to him that desire of his heart. His faith touched You, Lord. May he receive It in Jesus Christ's Name. Amen. Don't fear, brother.

**L-90** Does Jesus... Has He risen from the dead? See, the same faith that that woman had, that man had and the lady had. See? It's the same Lord Jesus. He doesn't--He doesn't fail. He's just the same. If thou canst believe, all things are possible.

Do you believe, lady, with all your heart? If God will let me know what's wrong with you, will you believe with all your heart that God will make you well? You do? All right. Look on me. I mean by that, like Peter and John passed through the gate Beautiful, you know, and said, "Look on me," or "Look on us." See? In other words or "Give me your attention just a moment." That's what I mean. That's what Jesus said to the woman. [\[Mark 9:23\]](#)

**L-91** Well, you have a growth. It can't be seen with the eye, but it's in the neck, and in the--in the cheek. And it's on your left side. Is that right? All right. Go, believe now with all your heart. And God, in the Name of Jesus, we condemn this enemy. Amen. God bless you, sister. Go, have faith; believe.

Would you stand, sister, just a moment?

How wonderful our Lord Jesus is if you can believe Him. The Bible said, "If thou canst believe, thou can have it."

You believe, lady? If the Lord Jesus will let me know what you're here for, will you accept Him as getting what you're after? You will? You have many things. One thing, you have a colon trouble. You have a gallbladder trouble. And you're nervous. That's right. And then one great thing that's a bothering you is demon oppression. You always feel depressed like the devil's got you or something like that. You're having a spiritual battle, aren't you? Is that true? And especially you get that in afternoon, after the dinner or something like that in the afternoon. It's worse than it is in the fore morning. That's right, 'cause it makes you all upset. See?

**L-92** What it is, it's nervousness. See? It caused it. Look like there's a enemy fighting at you. Do you believe that God sent me to cast it away from you? You do? Come here. Better bow your head.

Our heavenly Father, Satan here trying to come against Your Holy Spirit, why, the evil one, come out of her in the Name of Jesus Christ the Son of God, I adjure thee to leave her. You're exposed, Satan. You go from this woman. You're trying to make her commit suicide. And you leave her in Jesus Christ's Name.

Now, looky here. It's over now. Yeah. You know that. Is that right? Raise your hand if every worry is gone. Is that right? You feel fine, don't you? You're going to be all right; so just go rejoicing and praising the Lord. The Lord bless you.

Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.] Oh, my, how people ought to worship Him. Just give Him praise and glory. He loves to be worshipped. Now, be real reverent.

**L-93** Is this the lady? Would you come, lady? Now, please be real reverent. Just a few moments longer. You're... Now, just wait just a moment. Now, everybody get real quiet, real settled. Now, it's not for a little baby, but just don't be moving around. See?

See, every spirit in here, I'm in contact with it. See? And I watch what the Holy Spirit says do, and then I do what He tells me to do. See what I mean?

Sinus is no problem for God though, is it? He can heal sinus, anything He wants to, can't He? You believe that? Then you can have it; be healed. Amen.

Do you believe, sir? You had heart trouble, didn't you? You had a heart attack, haven't you? Bothered you a whole lot. That's right. Come pretty near leaving this world, didn't you? You shouldn't leave in the condition, because you need Jesus Christ as your Saviour. Will you... That's right, isn't it? Will you now accept Him as your personal Saviour and believe Him? Raise your hand up if you'll accept Jesus Christ as your Saviour. Then your heart trouble shall leave you. It clears all up around you. You are a Christian now, a believer in the Lord Jesus Christ. Amen.

**L-94** Praise be to the living God Who gives us all things freely. Have faith in God.

Do you believe that goiter left you, lady, as you had your hand up right behind him there? Believe that Jesus Christ will make you well? Do you believe? All right. That settles it then. It's gone. Amen. There it is, not a sign of it.

See how the Lord's a doing? Don't you believe? Amen. "If thou canst believe," the Bible said, "all things are possible."

What do you think, little lady setting there praying right back there praying right back there over your mouth? Got heart trouble, haven't you? Uh-huh. You got little blood pressure. Do you believe that Jesus Christ the Son of God will make you well, lady? Then you can have it. Amen. The Lord bless you and receive it. Hallelujah.

**L-95** Oh, isn't He wonderful? Oh, I see a death spirit, real black, hanging over that second person setting in right back there; it's a lady with a cancer, setting right straight here looking at me, the little thin like lady. Do you believe that He healed you, lady? You accept your healing? You were praying then, wasn't you? I seen that black raising back and forth, back and forth. Hallelujah.

Believe Him. It's right around you now. Do you now believe? All things are possible. Have faith now. Be reverent. Believe. Don't doubt. Just have faith in God. God shall bring it to pass, just what you have need of. He will do it. Amen. [\[Mark 9:23\]](#)

**L-96** Lady with the prayer card in your hand, touch the lady. She's looking at me now, right between there. You're setting there praying for that high blood pressure. You think it's... That's right, isn't it? See? Little red hat on, had your hands down praying with your hand over your face, you accept it now? Do you believe that He healed you? All right. Then go home. Jesus Christ make you well. Amen.

Have faith in God. Believe. You believe, lady? I'm a stranger to you. Jesus Christ knows you, doesn't He?

Just believe. Oh, I... If I just didn't get weak like this. You see? You--you look to me now just a moment. Oh, everybody in the audience is getting faith and it's just... People are being healed and healed, but I just can't...?...

**L-97** Look here. If I be a stranger... God knows you and He knows me, doesn't He? If I will, by the grace of God and help of God, tell you what your trouble is, will you believe on Him with all your heart? You have female trouble, lady's trouble. It's cysts. You got cysts. Isn't that right? That's right. That... believe that to be the truth? It is the truth. Uh-huh. Yes, ma'am. Now, I'll tell you another thing. You're not from Minneapolis, either. You come from Wisconsin. That's right. Uh-huh. Your name is Mrs. Douglas Bohm, B-o-h-m. That's right. Isn't it? Now, go back to Wisconsin and be well.

Let's say, "Bless the Lord." [Congregation says, "Bless the Lord."--Ed.]

How do you do, sir? Now, be real reverent. Just a few minutes, we'll take me just in a minute, if you'll just be reverent. Set real still.

I can't deal with the audience when you all getting up, folks. Don't do that, please. Just hold it just a few minutes, please. See?

**L-98** Turn... This... I'd like to talk to you just a moment. We being strangers to each other, I suppose? Only God knows both of us, doesn't He? And He can do for you exceedingly, abundantly. Whatever He does, that's up to Him. He's God. Is that right? And if I could help you and wouldn't do it, I'd be a hypocrite. I'd be an impostor. I'd be a brute if I wouldn't help you. Do you believe I could help you through a Divine gift?

You're suffering with a nervous condition. That's right. You got a throat trouble. That's right. You believe Him with all your heart now that He will make you well? You should, and a Bible laying before you, you talking out of it. Do you believe He's going to make well now? All right. Go back to your church then preaching the Gospel; you're a preacher anyhow.

Our heavenly Father, I pray that You'll bless our brother and give him this great thing that he's asked for through Jesus' Name. Amen. Go, believing now. [\[Ephesians 3:20\]](#)

**L-99** Do you believe? God can heal your stomach trouble and just make everything well. Don't you believe that? He did. Amen. You have it. Now go on your road rejoicing saying, "Praise the Lord." Amen. Let's say "Thanks be to God."

All right, lady. Do you believe with all your heart? Oh, back trouble's been...?... you know, kidneys then, but God can make you well, can't He? Just go on your road rejoicing saying, "Thank You, Lord Jesus, for healing."

All right. Would you come? What say? Oh, you was too sick to get up and come up. Well, all right. You want to get over that female trouble? All right. All right. Then just go on. It won't bother you no more if you believe. In the Name of Jesus the Son of God, may this blessing come to our sister. Amen. Go on, sis, it's gone now. Just go on rejoicing and saying, "Praise be to God."

**L-100** God heals your arthritis and everything else. You believe that, don't you? Make you completely well? All right, go down there then and say, "Thank You, Lord," and just raise up my hands, and it'll all be gone...?... Say, "Praise be to God...?... trouble and so forth, and lady's trouble...?... long time, but Jesus Christ can make you well, can't He? Do you believe that? In the Name of the Lord Jesus Christ, may our sister be healed. Amen. Now, go on believing and rejoicing with all your heart. You shall receive it. You believe now?

Something happened. Someone was made well just then. I don't... Our Lord Jesus Christ, He heals back trouble. He heals stomach trouble, and He heals nervousness; He heals eyes, and He can make you well of every bit of it. Do you believe that with all your heart? You believe that God gives it to you right now? You accept it? You feel kind of shaky, don't you? But it's nothing going to hurt you. It's something going to help you. Well, come here just a minute.

Our kind heavenly Father, I pray that You'll bless our sister and take these evils from her in the Name of

Jesus Christ God's Son. Amen. All right believe now with all your heart.

**L-101** Is this the patient? Do you believe? Look at me just a moment. Disturbance in the audience...?... I'll be glad when I get my little room to myself. They'll only hear through a microphone then.

We're strange to each other, lady. I don't know you. God does know you. But you're not standing here for yourself. You're standing here for someone else. That's true, isn't it? Perhaps what if I'd just talk to you a moment, talk to you about yourself, or whatevermore to see what the Holy Spirit would say. Would you believe? Would the audience believe?

The audience... I'm late, and it becomes restless. And the people are wondering at the time. And I feel that reacting against me. See? And it makes it awfully hard, just going down, down, down, and down with me quickly.

**L-102** Now, just get this woman right before me so I can speak with her. I believe you're standing here for someone else, and that someone else is an aged woman. And that... She's in the hospital. She's got a stroke. She's your mother. And there's something another about her. I see a car mash her. She was in a car wreck, wasn't she? That's right. And I see a man now, nearby you. It's a--a man. That's your husband. He's here. He's got a back trouble, hasn't he? You believe now? Go, put that handkerchief on him. He will get well. O God, in the Name of the Lord Jesus I pray that You'll grant these blessings. Amen. [[Acts 19:12](#)]

**L-103** How do you do? Have faith now. Just be reverent just a moment longer. You believe, lady, with all your heart? You're standing for someone else too, aren't you? You believe me to be His servant of the Lord Jesus? The person you are standing for is very, very sick. Is... It's overshadowed with darkness. It's death on the person. And that person is suffering with a hideous thing called cancer. And that person doesn't live here. It's away from here. It's in a beautiful city, and the city is by a sea coast. There's lots of ships in the harbor. It's San Diego, California. That's right. That's right. You believe? If you can believe with all your heart, you can receive that what you're asking for.

**L-104** You're asking for something yourself. It's because of a nervous condition and your eyes. That's right. Uh-huh. You're also from California. That's right. And you're... Aren't you a poet or something or write kind of poems or something like that? That's right. And you live... You got a street address called 1225 Hoover Street, National City, California. Your name is Sophia. Is that right? Damsel is your last name. That is true. Go on your road and receive that what God Almighty has...?...

Do you believe with all your heart? Jesus Christ God's Son has raised from the dead. I declare that on the authority of God's Word. Do you believe that He is here and can heal--has healed, past tense, every person that's here? Are you ready to believe that and accept it? Put your hands over on each other.

**L-105** O God, our Father, Who raised up Jesus from the dead, I pray that in the Name of the Lord Jesus Christ, at this moment, that You'll heal every person in Divine Presence, cast out every evil spirit. And may the healing power of Jesus Christ come upon this audience just now and make every one of them well.

Satan, we take the initiative and cast you out. In Jesus Christ's Name, you are defeated. And Christ make everyone well in Jesus' Name. Stand and receive your healing.

### **56-0225 - Gospel Tabernacle, Sioux Falls, SD (Paragraphs: 75 - 104)**

**L-76** Now, I believe...

Think of where I'm standing friend, come and take my place. Huh? Anyone desire to, you're welcome. After a challenge like this against the Word of God. Several hundred people here, and that challenge had been made before five hundred thousand at a time, heathens and everything. Surely, He won't let me down now.

Here's a prayer line of people standing here; every one of them total strangers to me. I don't know one

of them; there's only one person, or two people in the building that I know. I do know... there's Brother Leo setting right there, and Gene here, the recording boys. I know that. And then the man, a--a friend of mine that, bless his heart, I don't... The man that give me the bow and arrow the other day, Norman, Brother Norman. He's--he's setting right there; I know Brother Norman. Just met him couple ni--since he come over here. I know Sister Stadsklev, setting right here. And now Brother Groat was somewhere, around here, and I think that's--that's right back, Brother Groat. And that's the only persons in the building that I really can call I know, outside of the pastor.

**L-77** Well now, no matter who you are, Jesus Christ knows every one of you. I want you ask you, in this little prayer line here, are we all strange one to another? If we do, raise up your hand, if all--all's in the prayer line can hear...?... All right. I don't know nothing about them, never seen them in my life.

Now, what is a miracle? Something that cannot be figured out. Is that right? They knowed Jesus by His miracles; they knowed Him by His Spirit of discernment. Is that right? He perceived their what? Thoughts. Is that true? Does the Bible say that? Raise your hand if the Bible said that. Jesus knows their hearts; He perceived their thoughts. See? All right.

I--I'm wait... You say, "Brother Branham, you're stalling now." I am, exactly. I'm waiting for Him. That's right. If He doesn't... How many seen the picture of it out here? Did you get a picture of It? See? They got it right back there. If I had one I'd show it to you, of the picture. I believe a lady's got one on her lap there. Son, would you get that picture there?

**L-78** Down in Texas when this was taken, American Photographers Association, here's the picture, the only picture... It's in Washington, DC tonight, the only picture that can be scientifically proven there is a supernatural Being. There's the Angel of the Lord, the same Pillar of Fire that led the children of Israel. Right in the debate before around thirty thousand people, He came right down and stood there where I was at. The German camera caught it now long ago. It's been seen by millions of people around the world. And I say to you in His Name that that same Angel ain't standing two feet from where I am right now. That's true. Thank you.

If you want one of these you may get it now tonight, or--and the books, or whatmore, tapes. There won't be any selling tomorrow; we don't do that.

But now, what it is, that's Him standing, I know He's near. But now, He has to be inside. See? That's... The Pillar of Fire that led the children of Israel was Christ. Then when He was here on earth, He said, "His Father dwelling in Me," Jesus the Son, He said, "It's the Christ in Me." He was born the Christ, He was given a Name of Jesus. That was His surname. And He was Jesus Christ; like I was borned a Branham and given a name of William.

Now, in the Name of Jesus Christ, I take every soul here under my control for the glory of God, that the people might know without a doubt, that Jesus Christ is risen from the dead; He's here. May His blessings be asked. [\[John 14:10\]](#)

**L-79** Now, Father, into Your hands I yield myself. And I pray that as I have tried with all my heart, in my poor, broken, uneducated way of, to tell the people of Your goodness and mercy, now will You speak Lord, in Your own miraculous and glorious way, that they might know that I have told the truth. They could doubt me; it would be all right, but Father, to doubt You would be sin and unpardonable. And I pray tonight, Lord, just as they raised their hands that they would believe, that You'll help Your servant now, as I yield myself to the Holy Ghost, that You might use me. For I ask this for God's glory, and for the fulfilling of the Word of Jesus Christ, which said, "The things that I do, shall you also." In His Name. Amen.

**L-80** All right. Now, every one don't move. Just set real still, listen now. There's a tape going on right here now. See? Now, remember, the vision doesn't heal you. Watch it; it will speak afterwards and tell you THUS SAITH THE LORD what will take place (See?), what shall be. But the vision, what it is, is to bring your faith up to a place where you can accept it.

Now, this lady standing here... You don't need your card; just leave it in your pocket like. I just want to talk to you a minute, lady. Now, I believe that you and I are perfectly strange to each other, is that right? If that is right, raise your hand so the audience will see. We've never met before in life. And she's a got--lot younger than I. So we are maybe born miles apart, years apart, and this is our first time to meet. This is not a coincidence, God has planned this. Do you believe that?

How is it tonight, that me and she a woman, the same way that was met at the gate, or at the--Samaria, a woman and a Man? Now, what will I do if Jesus is risen from the dead... Now, she's got a soul; she's got a body; she's a woman. I got a soul, and a body, and I'm a man.

**L-81** Now, if she--I know she's a Christian; she's a believer, because I feel her spirit. That's a miracle in itself; you are a believer. Now, if that my--this Spirit here saying that you are a believer, and if you wasn't it would--and something could happen to you, or anything...

Now, if I have told the truth, then if God's Holy Spirit will come here... It's only trying to do one thing, speak through my lips, to contact your senses, you know, your hearing, that would say something to you, that would cause you to believe God for what He did for you at Calvary. Wouldn't that be right? See, I couldn't do nothing for you; if I could and wouldn't do it, I'd be a brute. But I'm your brother, and I--I just like your loved one. See? Well, I--I'm just your brother.

**L-82** But by the grace of God, and the help of God, by me talking to you, I can contact your spirit by a Divine gift, by yielding myself to the Holy Ghost, that will produce the same thing that Jesus did to the woman at the well. Now, I have no idea what you're here for. You might be standing here for sickness; you might be standing here for somebody else. You might be standing here for financial troubles. You might be standing here for spiritual troubles. I do not know; you know that. I'm a stranger to you; I don't know you.

But He does know you, then if He can let me know what you're standing here for, will you accept it and believe on Him, that He--that it's Him here? You know it has some--do some supernatural resource, but would you believe it was Him, sister? Will the audience believe the same thing? May the Lord add His blessings then, is my sincere prayer.

**L-83** Now, if I--if God will let me. See, she's a--she... That's exactly. "What are you doing, Brother Branham?" I'm not reading her mind. No, sir. Con... God will judge you for that; don't you think that. Now, you can't hide yourself now; He's here. See? Don't think that, "He's upset." I'm not; I'm only contacting her spirit by the Holy Ghost. The woman's aware that something's going on; she knows that. There's something... You feel different right now than you've ever felt perhaps, because real sweet humble Spirit around you, isn't that right? Between me and the woman is that Pillar of Fire moving back and forth (See?); it's something's fixing to take place, and she's aware of it, being a human being.

Now, the lady seems to go away from me, and I feel extremely nervous. She's bothered with a nervous trouble, real, extremely nervous is her condition. Is that right? Now, if I talk to you more, more would be said. But you're already believing, because I can feel she's just raising up. Telling you you was a believer, telling you you was struggling with that nervous trouble... Now, may the Lord grant to you your healing. Do you believe now? Have faith.

**L-84** You're nervous because of a sorrow you just had. You are a widow. That's right. Your companion... You're a... You work hard; you have a hard time trying making ends meet, your living. That's true. And you've been somewhere. I see something going on; it's a--looks like someone like a doctor is a working with you. Oh, yes, you've had a operation or something. It's been in the throat, yes, and they took a tube out and put a plastic tube or something back in it. And you're scared now, afraid that it's turning to cancer. That's giving you a lot of your nervousness. That's the truth; that's THUS SAITH THE LORD. You believe? Don't fear. He Who's standing here now, Who has risen from the dead, and it's His Spirit talking to you. You know something's happened don't you? The cancer worry's over. Your faith healed you, sister. Have your hand.

Dear kind heavenly Father, Thou hast said... The last words that come from Your lips as You left the earth, You said, "These signs shall follow them that believe: if they lay hands on the sick, they shall recover." This I do in Jesus Christ's Name. Amen. God bless you, sister. Go, rejoicing now; it's all over.

[\[Mark 16:17\]](#)

**L-85** Let's say, "Praise the Lord." Do you believe now? You said you would. That ought to settle it forever. If you can believe, that's all you have to do. Now, don't move; tomorrow is Sunday; just wait a minute. That should settle it forever. That should make it known, perfect stranger. But God knows all about her. Now, you're beginning to believe, aren't you? You're--you're just wonderful now, different.

How do you do, sir? I suppose, sir, that we're strangers to each other too, aren't we? We've never met before in life; we're perfect strangers. But you are aware that you're in the Presence of something besides your brother. Probably we were born years apart and miles apart, our first time of meeting. But Jesus knowed you, and has give you everything to eat you ever had, the air you breathe. He's given me the same. And I'm here, if my old dad was a living he'd be about your age. I wouldn't stand near somebody else's dad, to be a deceiver. I only stand here to help you.

I have no idea what you're wanting; you know that. I have...

**L-86** Little lady, with the gallbladder trouble, setting on the end there... You had gallbladder trouble, didn't you? Your faith touched Him then. Amen. I seen it happen here in front of me. Your faith did it, sister.

You're suffering, my brother, with many things. First thing, you have a rupture. That's right. And then I see something that's... The blood, looks like it's running thin; it's diabetes; you have sugar diabetes. You're also extremely nervous. That's right. And you have ulcers, don't you? That's true, isn't it? Let me tell you something; you're not from here either. You're from South coming this a way; you come from Nebraska here, didn't you? That's right, isn't it? Now, go back rejoicing, telling the people what their Lord has done for you, and be well.

O God, our Father, in Jesus' Name grant the blessing. Amen. Go rejoicing, my brother...?... Him with all your heart.

Just keep believing, you're not far from the Kingdom.

**L-87** How do you do, lady? Suppose that we're strangers to each other. Five years ago you saw me when I was here. Well, the Lord bless you, my sister. Of course, I wouldn't remember you from all five years. I hardly... Maybe there's many here that I seen then, but I wouldn't know now. But our blessed heavenly Father knows both of us, doesn't He?

You've had an operation on them; it didn't do any good. And the--the meat and bone is rotting away from your knee. The doctor don't know what to do any more. Oh, don't worry, daughter, God knows all about these things. He--you're standing in His Presence now. Not your brother don't make you feel that way; it's His Presence. You accept Him now for your healing?

Dear heavenly Father, Who raised up the Lord Jesus from the dead, I lay hands upon this, my sister, and condemn the enemy, and ask that she made--made well for God's glory. In Jesus Christ's Name I ask it. Amen.

**L-88** God bless you, sister. Now, go, believing with all your heart and get well. [Sister says, "I've never been able to kneel on my knees since I've had this car wreck--Ed.] But you're... [Can I kneel now?--Ed.] Why, I would go right down there and kneel down at the altar, is what I'd do and give Him thanks. [Sister says, "Thank you, Jesus.] She's never went to her knees in her--since she was hurt. Here she is on her knees now and giving God praise. Let's say, "Praise the Lord," every one of us.

Our heavenly Father, we give praise unto Thee, and glory for all Your great works that You are doing in our presence. Thank You, Father. Amen. Sister, all right, raise right up. Now, look how nice you get up and down. See? See the difference? You're healed, sister. Amen.

Let's say, "Praise the Lord," everyone. Just say, "Our heavenly Father, we thank Thee from the depths of

our heart, for all the goodness and mercy that You have done unto us. Amen."

Do you now believe? "Canst thou believe?"

**L-89** Lady, that was just here... Lay your hand on the lady setting next to you; she's praying. That tumor condition, that--that God will make her well. You believe it, lady? Throat trouble too, don't you? Yes, sir. Cancer also. That's right. That's true. All right. Amen.

Our heavenly Father, we condemn that devil called cancer. Her faith, that woman anointed set down by her, and her faith touched you, and we now condemn the enemy, in Jesus Christ's Name. Amen.

Has He risen from the dead? Amen. See, the lady set down there next to the lady? She was so anointed, that the woman's faith contacted quickly. See? You don't have to have prayer cards; you have faith. Have faith and believe with all your heart; you shall be made well if you can believe.

**L-90** What do you think, sir?

Lady, you believe that God healed you of that gallstone condition and make you well? You believe that He'd do that? That's what you have, gallstones. Raise your hand if that's true. Now, you just go on and forget about it. Uh-huh. Your faith did it. Amen. Thanks be to God.

Oh, you from the audience, sir, setting there with your handkerchief to your mouth, lay your hand on the little lady for that asthmatic condition, laying there.

Heavenly Father, in the Name of the Lord Jesus Christ, make her whole I pray for God's glory. Amen. Believe, have faith. You can receive what you ask for.

**L-91** Excuse me, this is the lady? You are the lady that's come to be prayed for? All right. Have faith, every one. I can only go as It goes; I have to follow It. Now, be real reverent. Have faith.

Man's trying to contact Christ, setting there where the man was healed. A hardening of the arteries, he thinks... God can heal you, do you believe it, brother? That's right. Amen. You were praying in your heart, "God, let him turn and talk to me." Isn't that right? If that's right wave your hand like this. See, see? How'd I know what you were praying about? Amen. He's so real.

You raised your hand too, sir. Yes, that's right. Hernias, rupture, God can just heal him and make him well, don't you believe that? Amen. You believe God heals it for you? If you do wave your hand to Him, "that I going to be a new man." How would I know what was wrong with you? God told me. Your faith touched Him. That's what does it. Just have faith. Be reverent.

**L-92** I seen a child appear before me when I spoke to this man here, a little boy. Stop right there usher, just a minute. The little boy setting there has got a rupture, hernia. Lay your hand over on him, usher. And say, by the way, his mother that's holding him has got some trouble with her teeth she's been wanting to be prayed for. Isn't that right, lady? Raise up your hand, the little boy that's got a hernia. Lay your hand on them.

Heavenly Father, in the Name of Your Son the Lord Jesus, heal them I pray, for Your glory. Amen.

Do you see the Holy Spirit moving, bringing the usher up just the time to lay hands on the person? Isn't He wonderful? Believe. What is it? The resurrected Lord Jesus is in our midst. Now, be real reverent now. The only one that can be healed... But while we got these people up--standing up here just a moment. Let's get the line if we possibly can.

**L-93** Now, this sister. I don't know you, never seen you in my life. And we're total strangers, is that right? Now, God knows what you're here for; I don't. But He knows what you're here for, doesn't He? And He can--He can tell me what your trouble is. Now, I could not heal you, if it's for healing. And if it's money, I--it'd be very little. I'd help you all I could, but it'd be very little, or whatevermore. It--it might be domestic; I don't have the least idea. But God does; He knows. Then if He will reveal to me what's on your...

**L-94** [Blank.spot.on.tape--Ed.]... to have a live voice behind it, to make it a voice, is that right? Then this microphone becomes my voice. Is that right? Now, I'm just a mute; I don't know nothing about this

woman. But the only thing that could be done, would be the Holy Spirit speak through me just like I'm speaking through the microphone, a live supernatural voice a telling her something. Is that right? All of you understand real well now? Believe.

The lady is... Well, she's been to a-a doctor, but they don't know what's wrong with her. Isn't that right? You've had x-ray, and they still don't know what's wrong with you. And your trouble starts in your back and comes to your stomach. That's right, isn't it? Amen. Now, He knows, doesn't He? Yes, He does, and He can heal you. Yes, God bless you.

You're not from here either; you've come from the south, coming this a way. You're from a place, I believe I see a name just outside where the car passed; it's called Sioux City, Iowa. Your first name is Rachel. And your last name is Burris. Return home rejoicing; you'll get well. Jesus Christ makes you well. In the Name of the Lord Jesus I pray. Amen.

**L-95** Don't be astonished. When Simon came to the Lord Jesus, He said, "Your name is Simon but you shall be called Peter from here on." He knows you, who you are. [\[John 1:41-42\]](#)

How you do, lady? I suppose you and I are strangers too, to each other? We don't know each other. But there's someone here Who knows both of us, isn't that right? My, there's so many people getting healed out there, I just can't call you fast enough. You'll find that after I'm gone a long time, you'll find out what's going on. If I could just keep talking to you just a moment, sister... And God knows all about you, as I said. I don't know you and never seen you.

But if God will reveal to me what your trouble is, why, then you'll believe Him, will you, lady? You will believe. Will you believe out there, all of you with one accord, believe with all your heart? All right. Now, you're... I don't know, you look like a healthy person, but God knows all about you; I-I don't. But He can reveal to me, and you'll know whether that's true or not, if it's true.

**L-96** Really, you're not here for yourself, you're here for somebody else. And you and some woman made an agreement. And she's not here. And you made an agreement that you'd come and try to get in the prayer line, and she'd be praying at the same time. That's right. And the woman's got a stroke. That's right. And she wanted to come, but she couldn't come, because of her husband. There's a black thing hanging around her husband. He's a rank unbeliever. That is right.

I see another man appear, and that man is your husband, and he's kind of tore up too, about some affair; it's a spiritual affair. He's got hooked up or is fixing to get hooked up in some fanaticism, something about someone telling him to go preach, or something like that, or something on that order, a lot of--tell him to be careful. Everything that says God is not God.

And to return back to the woman, and lay your hands upon her, and call the Name of the Lord Jesus, and tightened up in your fist, the handkerchief that you have; you must take that and lay it on her, and believe with all your heart, and may God of heaven bring the blessing, I pray in Jesus' Name...?... God bless you, lady. Now, go on your road rejoicing; don't doubt anything, but believing that God will grant it.

**L-97** Come, lady. I caught a resentment then from somewhere, somewhere. I'm not leading the people tonight. I don't know... Here lady, just lay your hand on mine, will you? I don't know you, do I, lady? And I'm not looking at you; I'm looking at the audience. If God will reveal to me out here in the audience, what's wrong with you, then if--will... If it's true, then you'll raise your hand from my hand and say whether it's true or not. Will you accept Jesus as your Healer? It's a lady's trouble, a female trouble. That is right. Raise your hand if that's true. This isn't from reading minds. Now, go rejoicing. Abscessed, but it'll be all right; Jesus will make her well. Believe with your heart.

**L-98** Get real weak, don't you, and tired, heart bothers you? Late of the afternoon you get real tired and wearied, is that right? You might not know it, but you're suffering with TB also. And that's what made you get weak, and know you knew it. Yes, yes, lungs hurt you and things. Then you see, God knows all things doesn't He. But you were praying when--before you come tonight and asking God to give you an

opportunity to stand here, isn't that right? That's right. All right. Now, you can go home and be well. Jesus Christ healed you; your faith does it for you.

God of heaven, I place hands upon her in confirmation of God's Word, and pray for her healing. Now, go rejoicing and be happy, thanking God for His goodness...?... God bless you.

How do you do, sir? That stream of blood... Jesus can heal diabetes, you believe that, don't you sir? You believe you're healed now, you accept it? Then to Calvary, by faith, we go for a blood transfusion and ask that our brother be healed through Jesus Christ's Name. Amen. God bless you. Believe. Go and believe with all your heart.

When I said female trouble to the other lady, something went over you, didn't it? You standing right behind her there; that's when you were healed too. Amen. So you can go rejoicing, saying, "Thanks be to God."

**L-99** Come, sonny; come here I want to ask you something. I think you're a mighty fine little boy. Look, you see that little man going there? He had a--a terrible thing; it was called diabetes. And that's what bothers you. That's right. See, it's easy for him to get over it; it's hard the doctor says for a little boy like this. But not for Jesus. Now, if Jesus is here, He can make you well, couldn't He? And He's here, and I--He's here with us. Now, I pray for you.

Heavenly Father, as I--the Holy Ghost, surely these people can see that You're here. And now, Lord, while You have my body anointed and packed away in the Spirit, I lay hands upon this little lad and condemn the disease of his body in Jesus Christ's Name, and ask that he be made well. Amen. Now, God bless you, honey boy. Just say, "Amen." Go, rejoicing and thanking the Lord.

**L-100** Come, sister dear, do you believe me to be God's prophet--or His servant? What is a prophet? Someone who sees, foretells, a seer, is that right? The Bible said in the last days that this would take place, didn't it? If God will let me know what you're here for, will you believe it and accept with all your heart? With all your heart you believe it?

There's so many out there suffering the same thing. I see a table standing between us. You're moving back; it's a stomach trouble. You got a peptic condition; you're real nervous, aren't you? Been nervous for a long time. Which is actually a lady's age--of your age will be that way. But it's caused in your stomach; sometimes keeps it sensitive from belching up acids like in your stomach; it's a peptic ulcer right through the side of duodenum. And it caused you to have it like a regurgitation, like that, that comes up. Jesus Christ can make you well, isn't that the truth? You believe that Jesus will make you well?

Then kind, heavenly Father, with hands laid upon this, my sister, I ask for her healing. In Jesus Christ's Name. Amen.

**L-101** How do you do, sir? You believe with all your heart? Arthritis is so easy for God to heal, isn't it? As I see you trying even to get off of a street, how you have to step sideways to get down and things. Dad, I wished I could heal you; I haven't the power to heal you, but do you believe not that Jesus is here, you're going to get well? If I pray for you, will you get well? Jesus said, "If they lay hands on the sick, they shall recover," didn't He?

Dear God, in obedience to Your commands, I lay hands upon my brother in Jesus Christ's Name and ask for his healing. Amen. Now, go believing, my brother, with all your heart and praising God and you shall be made well.

**L-102** You're mighty fine strong looking man to be suffering with a nervous condition, but you can't help that, you've had it pretty near all of your life. It just bothers you; you got a mental nervousness that caused you weary. And you're always thinking of things and crossing bridges before you get to them. That's a nature of yours. That's right, isn't it? Not reading your mind, but that's the truth. You always plan things and never happens that way, and upset you, and things like that, taking other people's troubles to your heart and worry over them when you really oughtn't to do it. But God is here to make

you well, my gallant brother. You believe that?

Oh, heavenly Father, I condemn this devil that's tormenting this fine young man. Satan, in Jesus Christ's Name come out of him and leave him. Amen.

Now, brother, that's a witness by the Holy Ghost. It isn't on you now. It's gone from you now. You feel all right, don't you? Now, go ahead rejoicing, and thanking God, and be made well.

Let's say, "Praise the Lord." Be reverent. Do you believe Him?

**L-103** Let's see, is this the person? You believe with all your heart, son? You believe me to be God's prophet, or His servant? You believe that He can speak through me for you, and reveal to me what you're here for? Your trouble is in your back; in your chest you have trouble. One thing, if you quit smoking it'd help you a whole lot. I'll tell you something that'll really make you just exactly right, if you'll surrender that heart of yours to Jesus and become a Christian, 'cause you're not. [Blank.spot.on.tape--Ed.]... Christian, will you accept Him now? And believe with all your heart and serve the Lord with all your heart, will you do it? Will you now accept Him and be healed and made well? You will? God bless you. Thy sins are forgiven thee, son. Go in the Name of Jesus Christ and be made well. Your back and chest trouble is gone; your sins are under the Blood. Now, go as a Christian. Amen. God bless you, my brother.

**L-104** Do you think that's strange? Jesus Christ still lives and reigns. It must be time; I feel them hitting me on the side. Do you believe now with all your heart? Lay your hands over on each other. Some minister should see that last person here. Let us lay our hands on each other and believe just now with all of our heart. Put your hand over on each other, and let's pray. Are you ready? You that's deaf will now hear, you that's blind will now see. You that can't walk will walk, if you'll accept this Lord Jesus that's raised from the dead. Nothing else could He do. We could come stand here all night; it'd be the same thing over and over. But He's here; He wants to heal all of you right now. Now, kind heavenly Father, there's only one thing to keep this group of people now, who is looking towards You, to keep them from being healed, that's a little dark spirit of unbelief. And I challenge that spirit. Satan, you're rebuked, and you're exposed. I adjure thee by the living God, come out of these people and leave them that they might be made well.
